GENERALLY FAIR TO-NIGHT AND FRIDAY; WARMER FRIDAY.

The Fort Wayne Sentinel

We have made arrangements to publish in a short time the life of Merton Smith, the Scotch evangelist, written by himself. It is a wonderful life and full of startling events. Watch for it.

ESTABLISHED 1833. FORT WAYNE, IND., THURSDAY, MAY 4, 1899. PRICE TWO CENTS.

THE WAR GOES ON.

FIGHTING RESUMED NORTH OF MANILA.

LAWTON DRIVES THE REBELS.

ENEMY IS DISLODGED AT SAN FERNANDO.

GENERAL LUNA IN COMMAND.

ENEMY WILL MAKE A STAND AT MT. ARAYAT.

Washington, May 4.—A cablegram has been received from General Otis which says:

"Manila, May 4.—Adjutant General, Washington: Summers, with six battalions of Oregon, Dakota, Third infantry and piece Utah light artillery, of Lawton's division, proceeded north this morning to Maasand; crossed river, charged enemy in strong entrenchments, driving him northward and inflicting considerable loss. His casualties two wounded.

"Both Wheaton and Hale, of MacArthur's division, found enemy in force strongly entrenched and commanded by Commander-in-Chief Luna, about four miles south San Fernando. Hale on right, dislodged enemy; and Wheaton, on left, leading in person, made brilliant charge, scattering his forces, inflicting great punishment.

"Several officers and enlisted men seriously wounded. MacArthur proceeds to Fernando in morning.

"Delayed by partial destruction of bridge across river. Not believed enemy will make another determined stand until he effects retreat to Mt. Arayat at short distance from San Isidro. Otis."

THE SITUATION.

Washington, May 4.—The war department has received the following giving the situation in the Philippines:

"Manila, May 4.—Adjutant General, Washington:—Situation as follows: Lawton holds Balinag, captured 2d inst. after rapid movement from Angat, where supplied with wagon train, pack animals and rations. He scattered the strongly entrenched enemy to the north and northwestward, capturing large amounts of food supplies, and has his detachments to north and eastward. His successful movement attended with great difficulty because of character of country, rain and heat.

"He now covers our railroad communication and will be supplied from Malolos.

"MacArthur's column concentrated, took up advance on San Fernando at 6:30 this morning. Do not apprehend sharp resistance on part of enemy, who will probably leave railroad and retire in northeasterly direction to north of Lawton. Destruction of railroad near Calumpit necessitates dependence on wagon transportation.

"Enemy to the south and east of Manila, nine thousand, opposed by sufficient force under Ovenshine and Hall; his demonstrations thus far properly met by these officers with slight losses.

"Many requests received from outlying cities for protection against insurgents' troops. Otis."

SAN TOMAS TAKEN.

Manila, May 4.—5:50 p. m.—Major General MacArthur has carried San Tomas after encountering a strong resistance.

Brigadier General Hale moved on Lawton's right, and Brigadier General Wheaton attacked the left in a daring charge in which Colonel Funston distinguished himself.

The Kansan was wounded in the hand, and several other officers and enlisted men were also wounded.

Colonel Sumers, with a part of the Oregon and Minnesota regiments and a gun of the Utah battery, took Mosaim on the right, resting four miles from San Fernando.

The Filipinos are retreating toward San Isidro, and it is expected that they will make a stand at Arayat, at which place the whole of the rebel forces in the province of Panpanga is concentrating.

It is reported that, impressed by recent events, the Filipinos are wavering in their allegiance to the insurrection and are likely to assume a neutral attitude.

It seems as though General Antonio Luna's forces are destined to destruction within a few days unless they surrender or scatter.

The American army has been skillfully posted at points of immense strategic advantage. The insurgents expected them to advance on Balinag by way of Quingua. They had furrowed the entire country beyond Quingua with the strongest sort of entrenchments.

Instead of taking this course General MacArthur swung towards San Tomas, the route to which was almost unprotected. General Lawton brought his brigade in against Balsum from the southeast, covering the line of retreat of the rebels towards the mountains and depriving them of a refuge upon which they had always counted.

General Lawton captured fifty thousand bushels of rice, an important part of the stores established by the rebels.

The Spanish commissioners have made another futile attempt for the relief of Spaniards held as prisoners by the Filipinos.

THE MARRIAGE OF A WRITER.

RICHARD H. DAVIS TAKES A WIFE.

The Bride Was Miss Cecil Clarke, of Chicago—Artist Gibson Was an Usher.

Marion, Mass., May 4.—Richard Harding Davis, of New York, writer, and Miss Cecil Clarke, daughter of Mr. and Mrs. John Marshall Clark, of Chicago, were married at St. Gabriel's chapel here at noon to-day, Rev. Percy Browne, of Roxbury, Mass., officiated.

Mr. Davis was atended by his brother, Charles Belmont Davis, and Miss Ethel Barrimore was maid of honor.

The bride, in a simple gown of white, adorned with orange blossoms, was given away by her father. The ushers were Charles Dana Gibson, Capt. Arthur H. Lee, military attache of the British embassy, Capt. Lloyd Griscom, Horace Howard Furness, jr., John Fox, jr., Bruce Clarke, the bride's brother, Davis Browhead, and Robert Howard Russell.

The guests proceeded directly from the church to the Clarke cottage, where the congratulations were received and the wedding breakfast served.

A unique feature of the wedding was the departure, not of the bride and groom, but of the guests, Mr. and Mrs. Davis remaining at Marion, while the friends, including even the bride's family, left on an afternoon train.

Mr. and Mrs. Davis will remain at the Clarke cottage for their honeymoon. Later, it is understood, they will make an exchange, the Clarke family going to Marion while Mr. and Mrs. Davis will go to Chicago to pass a short time at the Clarke house.

NEARLY HALF A CENTURY.

Forty-seven years ago yesterday—on May 3, 1852—Dr. G. ... Bowen opened an office for the practice of medicine in Fort Wayne, and is now beginning the forty-eighth year of his unbroken professional career in this city. Mr. Bowen comes from a family remarkable in many respects. His father was an American, tracing his lineage to three brothers who came from Manchester, Eng., in the seventeenth century, and his mother was half Scotch descent — her mother being a Scotch woman. Dr. Bowen's father and mother were married in 1803, and for more than seventy-three years lived as husband and wife. They raised twelve children, all living to a good old age, six of whom are still living. Three of them were six feet in height, and four of them weighed over 250 pounds each. Dr. Bowen is the smallest and one of the youngest of the family. His grandfather served in the Revolutionary war, and his father in the war of 1812. One brother served all through the Mexican war and is still living, and another brother served as a chaplain in the civil war. For several generations the family has been strictly temperate, which may account for their vigor and longevity. The combined ages of the father, mother and children, living and dead, amount to more than 1,030 years.

A NOVELIST DEAD.

London, May 4.—Mrs. Emma Marshall, the novelist, is dead. Mrs. Marshall was the youngest daughter of Simon Martin, a banker of Norwich. She wrote a long series of historical novels, the central figures in which were such men as Sir Thomas Brown, George Herbert and Sir Philip Sidney. The more popular of her works were "Under Salisbury's Shire," "Penhurst Castle," "Winchester Meades," "The Choir of Wesminster Abbey," "Under the Dome of St. Paul's," "Better Late Than Never."

NEWS FROM APIA.

REBELS SUFFERED AT SHELLING OF VAILIMA.

MATAAFA WAS VERY DEFIANT.

KAUTZ AND STURDEE SENT AN ULTIMATUM.

MISTAKE TO STOP FIGHTING.

WOULD BE BETTER TO FINISH THE REBELS.

Auckland, New Zealand, May 4.—Advices received here from Apia, Samoa, to April 27, state that the rebel loss by the shelling of the Mataafan stronghold at Vailima by the war ships of Great Britain and the United States was quite heavy. Many of the rebels were wounded. The house in which the late Robert Louis Stevenson lived was riddled with shot.

On April 22 there was a sharp skirmish between rebels and Lieut. R. A. Gaunt's brigade near the town of Vailima. In this engagement one Mataafan was killed. The lines of the friendlies were attacked in the darkness at two points, but none of them were killed.

On April 23 there was some bush fighting. Lieutenant Gaunt's brigade, numbering nine hundred men, advanced under a hot fire. The enemy lost several men, the bodies of dead being dragged away. Of the friendlies one was killed and three were wounded.

The British Lieutants Innes, Hickman, Shuter and Heathcote, under Lieut. Gaunt, led the loyalists.

The New Zealand government steamer Tutanekai had arrived at Apia with despatches announcing the request of the international peace commissioners that the inhabitants peacefully await their arrival from San Francisco. A meeting of these consuls, in view of this message, was held, but without result, the German consul dissenting from the propositions of the other two consuls.

Admiral Albert Kautz, U. S. N., and Captain Stuart, of the British cruiser Tauranga, wrote and despatched, through a French priest, a note to Mataafa ordering him to withdraw his forces outside of a line ten miles long and six miles broad. Mataafa replied defiantly, refusing to withdraw unless the German consul and the captain of the German cruiser Falke agreed.

Admiral Kautz and Captain Stuart thereupon sent an ultimatum to Mataafa threatening to compel the withdrawal of his forces. In support of this ultimatum a plan of action was decided upon.

Lieutenant Gaunt's brigade was strengthened, and a heavy gun was landed at Mulinu, and war dockets were gotten in readiness. Being informed of these preparations, Mataafa made prompt reply, agreeing to withdraw immediately. On April 25 an important meeting of the king and his chiefs was held. They were informed of the action that had been taken by the British and American naval commanders, and gave it general approval.

Lieutenant Gaunt's brigade is now patrolling the prescribed area.

King Tanu visited Admiral Kautz and Captain Stuart on board the American and English ships, respectively, and was received with the customary salutes on his arrival and departure.

Hufnagle, the manager of the plantation upon which an attack was made on British and American sailors, resulting in the death of Lieutenant Freeman, of the British navy; Lieutenant Lansdale and Ensign John R. Monaghan, of the United States cruiser Philadelphia, and two others, is still detained on board the German cruiser Falke. The gun carriage from the Philadelphia which was lost at the time of the engagement has been recovered, but the gun is still in the hands of the rebels. Officials and leading residents of Samoa who have been interviewed all unite in saying that the charges of inhumanity on the part of the British, which were made by a man named Laroch, are untrue.

A majority of the inhabitants are highly dissatisfied with the cessation of hostilities. They say that Mataafa is beaten now and that the trouble would be ended in a week or ten days were the advantage pushed. The rebels are delighted at the delay, which will give them time to refill cartridge shells and build more forts.

It is the general opinion that the islands will be uninhabitable except for Germans and Frenchmen unless Mataafa and the rebel chiefs are severely punished.

It is doubtful if British or American subjects will give much evidence before the international commission, owing to fear that to express themselves candidly would interfere with trade relations. For this reason the evidence before the commission is likely to be one-sided.

The statement by the German minister for foreign affairs, Baron Von Buelow, that Mataafa was unanimously elected king of the Samoan islands is denied in Samoa.

The rebels admit that the result of the battle at Vailima was the greatest reverse they have ever experienced. They were astonished by the manner in which Gaunt's brigade sustained its position in the face of a continuous fire. They were also astonished at the final shelling of Vailima, by which many of the rebels were badly wounded.

DEATH OF MISS MODERWELL.

A SWEET AND SUNNY LIFE HAS GONE OUT.

Was a Bright and Well Beloved Young Lady—Other Deaths and Funerals of a Day.

To some is given a life only long enough to show forth the budding promise of maturity rounded and complete, with every trait of character, disposition and intelligence that combine to form ideal and lovable womanhood. Then comes the dread visit of the death angel and the child of promise falls into slumber's arms and in the hearts of those around her cheer gives way to sadness. Such a life closed last evening in the death of Miss Leonora Moderwell, which occurred at the home of her parents, Mr. and Mrs. Hiram C. Moderwell, 93 West Wayne street. Her illness was but a short one. Miss Moderwell was an only daughter, and one of the most promising pupils of the Fort Wayne high school. Her intelligence, bright and amiable disposition and charming manners had endeared her to all who knew her, and made her a general favorite among her acquaintances. Miss Moderwell united with the First Presbyterian church at the close of the recent series of evangelistic meetings. Her age was but sixteen years and nine months, and her death was due to a complication of diseases.

Funeral services will be held at the residence Saturday afternoon, conducted by Rev. Dr. Moffat. The interment will be private at a later hour.

BASH.

Edith Bash, fifteen years of age, died yesterday afternoon at the Allen County Orphans' Home, from an abscess of the brain. She had been an inmate of the home for several years, and was a general favorite among the young people there. The funeral services were held at the institution at 4 o'clock this afternoon, conducted by Dr. Moffat.

MILLER.

The funeral services of Mrs. Margaret E. Miller will be held Friday afternoon at 1:30 from the residence, 275 East Jefferson street, and at 2 o'clock from the Baptist Tabernacle.

NEW INDUSTRY COMING.

The Withington Handle company, of Huntington, has concluded to erect a handle plant in Fort Wayne if they can lease suitable grounds at a reasonable figure. The company contemplates putting in an entirely new plant and will give employment to quite a large number of men. They desire to lease two or three acres of ground along a railroad for a term of ten years. They desire to begin operations at once and to have the plant running by the 1st of August.

WANTS A DIVORCE.

Through his attorney, P. B. Colerick, Benjamin Boyce this morning commenced suit for a divorce from Elizabeth Boyce. He complains that he has money in the Hamilton bank deposited in the name of his wife and petitioned the court to restrain the bank from paying the money to her. The restraining order was issued by Judge Hench.

OIL DESTROYED BY FIRE.

Morgantown, Pa., May 4.—Twenty thousand barrels of oil were destroyed by fire from lightning in an oil tank near here. Loss, with tanks and incidentals, was $30,000. The fire is still burning but there is no danger of the other tanks getting on fire. The pumping station and a large number of houses in the vicinity were threatened at one time, but all danger is now over.

The Ladies' Misionary society of the First Baptist church will be entertained at the home of Mrs. J. R. Medsker, 193 Ewing street, tomorrow afternoon from 2 to 5.

IN EXTRA SESSION

CONGRESS MAY BE SUMMONED IN OCTOBER.

PRESIDENT CONSIDERING IT.

MUCH LEGISLATION THAT IS PRESSING.

QUESTIONS OF THE COLONIES.

SPEAKERSHIP MAY CAUSE A DELAY.

Washington, May 4.—There is a growing belief among prominent members of congress that the president will call congress to meet in extraordinary session this fall, probably early in October. The questions which will come before the next congress for settlement, including as they do everything growing out of our possessions acquired as a result of the war with Spain and the general legislation including that relating to currency reform, the Nicaragua canal, merchant marine, etc., are of such great importance that the president is inclined to regard it as advisable that congress should meet earlier han the regular session in December, in order to get the work under way.

The retirement of Speaker Reed will naturally entail considerable delay in the appointment of committees to the house, as it is customary to allow a new speaker four or five weeks to make up his committees and this furnishes an additional reason why congress should be convened before December. To several senators and members of congress who are going abroad this summer the president has particularly inquired as to the length of their stay and has hinted that it was advisable that they should be back in the early fall, as the necessity for an extra session might arise.

MONUMENT DEDICATED.

Chattanooga, Tenn., May.—The handsome monument erected by the state of Georgia to commemorate the deeds of gallant Georgians who fought at Chickamauga, was dedicated today. Governor Candler, his staff and other distinguished Georgians participated in the exercises. Hon. Gordon Lee, a member of the Georgia committee, tendered the monument to the governor. Governor Candler, in an eloquent address, accepted the monument and tendered it to the government. Gen. H. V. Boynton, president of the national park commission, accepted the monument on behalf of the government, his acceptance address being short but impressive. An oration was delivered by Hon. J. C. Black, of Augusta.

CHASED BY A BLUE RACER.

Miss Ida McIntosh, a school teacher residing in Hoagland, is reported to have had a thrilling race with a six-foot blue racer snake on Sunday afternoon. She was riding home along the country road when, to her horror, she saw the reptile glide out of the grass close to her and dart its tongue at her. Miss McIntosh started down the road as fast as she could pedal, but on looking back was horrified to see the reptile speeding after her. She reached her home at last in an exhausted condition and fell in a faint on the doorstep. Her parents coming out at that moment saw the snake climb a tree in the yard. Help was procured and the reptile was dislodged from the tree and killed. Miss McIntosh has completely recovered from her fright.

BARNS UNDERMINED.

In grading the alley betwen Lewis and West Jefferson streets, from Calhoun to Harrison street, many fences and barns toward the Harrison street end were undermined. It was found necessary to tear down the brick stable owned by Dr. McOscar and it is probable that the other barns and fences will also have to come down.

FOUGHT AT MANILA.

Capt. S. S. Saxton, who is in the city in company with Manager Wright, of the Barber company, in the interests of that corporation, is a returned Manila soldier, having served on the staff of Brigadier General King in the islands. Captain Saxton was eight months in the Philippines. He says that at the time of his departure there was no fighting in progress, although the soldiers were very anxious to be at it. The food in the tropics was agreeing with them and they all seemed to be contented. Captain Saxton knew Dr. Ed. Morris, of this city, who is a surgeon in the regular army, and speaks most highly of him.

WILL CLOSE EARLY.

A large number of the wholesale dealers in the city have signed their names to an agreement to close their places of business at 12:30 on Saturday afternoons during the summer months. The list has not been completed as yet, but will be published as soon as finished. It is expected that this year's list will contain more names than were on last year's list.

THE DEATH OF A MURDERER.

GEORGE VAN HORN HANGED AT SCRANTON, PA.

Met His Fate Calmly—Killed His Landlady in Revenge for Being Arrested.

Scranton, Pa., May 4.—George K. Van Horn, the murderer of Mrs. Josephine Wescott, was hanged in one of the corridors of the Lackawanna county jail this morning, the drop falling at 10:03½ o'clock.

Van Horn met his fate calmly. In a statement left by him, he says he owes his terrible ending to a life of vice.

Mrs. Josephine Wescott was murdered at her home in this city on the evening of August 28, 1896. She kept a boarding house, and Van Horn had boarded with her.

On July 21, Mrs. Wescott caused his arrest for the larceny of jewelry and cash from one of the rooms of the house. He threatened he would kill her. After being in jail a week, Mrs. Wescott, through his pleadings, relented and had him released. On the night of the murder he secreted himself in the cellar of the house and when Mrs. Wescott came down to get some potatoes for the next morning's meal, Van Horn pounced upon her and cut her throat.

He then fled. Mrs. Wescott died the next morning. Nothing was heard of Van Horn until July 7, 1897, when he was captured in a lumber camp near Wadena, Iowa.

THE COUNCIL TALKS OF GAS.

MEETING OF THE COMMITTEE OF THE WHOLE.

A Special Committee of Five Will Meet and Submit Questions to H. C. Paul Soon.

The council committee of the whole met last evening, with Councilman Hench in the chair, and again discussed the Fort Wayne gas franchises. The big discussion of the meeting was as to whether Mr. Poirson's 156 questions should be submitted to the president of the gas company by the committee of the whole or whether they should be changed. Councilmen Poirson and Hosey were in favor of submitting the questions asked by Mr. Poirson, and Mr. Borkenstein also favored this action. Councilman Scheid advocated the appointment of a committee of five, who should be authorized to visit Mr. Paul and secure information. City Attorney Shambaugh was asked as to the council's rights in the premises.

He said that the council had the right to demand all information from the gas company, and upon the company's refusal, could take the matter into the courts. He stated that the committee should demand what the gas company's income was during the years 1897 and 1898, at least, and also insist upon having full information as to the cost of the construction of the plant proper, the value of the leases, franchises, wells and fields, and also whether the company was supplying any other cities, and whether the cost of such other plants had been counted in with that of the local plant. He that some of Mr. Poirson's questions were not pertinent, or rather, were superfluous.

At the conclusion of Mr. Shambaugh's speech, which was brief and pointed, Mr. Hosey moved to amend Mr. Scheid's amendment by providing that the committee of the whole proceed to revise the Poirson list of questions, and present them to the company.

After Mr. Hosey's motion had been beaten, Mr. Scheid accepted an amendment to his motion, requiring the gas company's replies to be in the hands of the sub-committee, and reported to the committee of the whole by June 1st, and in this form the original amendment prevailed.

The chairman appointed to serve on the committee Mr. Hosey, Mr. Schuhler, Mr. Scheid, Mr. Bauer and Mr. Clark.

GERMAN CONSUL AT APIA IS STUBBORN.

TOLD TO JOIN COLLEAGUES.

HIS CONDUCT PUZZLING TO DIPLOMATS.

DISREGARDS POINT OF HONOR.

SAMOAN QUESTION GROWING IN INTEREST.

Washington, May 4.—An official statement is made at the German embassy that strict instructions were given to the German consul at Apia, Samoa, to join with his colleagues, American and British, in a proclamation for the suspension of hostilities until the arrival of the Samoan commission.

Under these circumstances, the officials are at a loss to account for the press report coming via Auckland that the Germans refuse to join in the proclamation, and are inclined to attribute it to anti-German influences. The proclamation was to be addressed to the natives, and as the American, British and German representatives were to issue the proclamation, all parties in interest, native and foreign, would be reached by the proclamation.

The recent reports from Auckland that natives are menacing the outskirts of Apia are not understood as the instructions given to the German consul are such that it is a point of honor with him to see that the natives refrain from aggressive movements pending the arrival of the commissioners.

At the British embassy no advices have been received concerning the reported refusal of the Germans to join in the proclamation.

Mr. Tower, the British charge, saw Secretary Hay to-day and this was understood to have been among the matters discussed.

The interest which London is beginning to take in the Samoan question is indicated by the arrival here of Mr. John George Leigh, of the London Times, who stopped here to meet officials before proceeding to Samoa.

It is said he will be the first representative of a British paper there.

NEW STAR ROUTE CONTRACTS.

Postmaster Page was notified this morning that the contracts for carrying the mails between this city and Zanesville, Harlan and Leo, including intermediate postoffices, had been awarded to J. C. Johnson, of London, Ky., who was the lowest bidder on the work. Johnson's contract begins July 1, and he will no doubt sublet the work. The prices are considerably reduced. The Zanesville route is carried for $314 instead of $457 as before; the Harlan route is reduced from $323 to $272, and the Leo trips drop from $355 to $304 per annum.

DEWEY TEACHES MANNERS.

Vancouver, B. C., May 4.—Recent Hong Kong advices say Admiral Dewey gave a French cruiser a lesson in naval courtesy recently. When the cruiser Jean Bart arrived at Manila she gave a rear admiral's salute. Admiral Dewey ordered the salute to be returned exactly as given. He then sent an officer to the Jean Bart to call attention to his admiral's pennant, which they had apparently not noticed. The dowager empress of China is to hold a grand review in Pekin in June. Nearly 2,000,000 well armed men will be under arms on the occasion. It is more than likely an opportunity will be taken to proclaim a new emperor.

COOK IS HERE.

Cook, the former Western league twirler signed by Manager Glasscock, arrived in Fort Wayne at noon to-day and says he is in first-class condition. He will pitch the game to-morrow afternoon.

The game of ball between the Randall and Wayne hotel teams yesterday furnished all kinds of amusement for the spectators, and resulted in a victory for the Waynes by a score of 16 to 9. The batteries were Ramsey and McCarty; France, Freimuth and Eggeman. Sprinkled through the game was some very meritorious work, the batting of Stehl and the first base playing of Will Starke being of a high order. The Randalls will challenge their adversaries to another "go" in the near future.

The Toledos won the fourth game of the series after the Hoosiers seemed have it packed in their grip ready to bring home. The game was the best played and most exciting of the series and had Whissen not been pitched too hard recently it would easily have been a victory. Not a run had been scored in the first five innings; but in the sixth Letcher led off with a two-bagger and then Wiltse went in the air and gave two men bases on balls, which, with an error and Nolcum's single, netted four runs. In the seventh the Mud Hens evened matters up by solving Whissen's curves and in the eighth they scored three more and thus corraled their third victory of the week. During the game a small building on which about fifty people were taking a free look at the game collapsed and four of the spectators were seriously injured. One of the persons, named Harmon, will not live. Score:

THE CARNEY CASE.

Isadore Mautner returned from Cleveland at noon today and reports that there is nothing definitely known about the Carney case. He visited Youngstown yesterday afternoon and talked with the directors of the Youngstown team. It is understood that some proposition was made to the Youngstown people for Carney's release and that all the directors were willing to accept it except President Guggenheim. John T. Brush writes that if Carney's advance money was forwarded on April 4th he could not be held by Youngstown. Carney showed The Sentinel reporter a letter received from Secretary Hallowell notifying him that a New York draft had been forwarded and this letter is dated April 5th, one day later than the limit Carney fixed for the forwarding of his money. Manager Torreyson, of the Grand Rapids team, says that if this letter is forwarded to President Power he believes Mr. Power will reverse his decision.

KELB IS PITCHING.

Manager Glasscock brought Kelb, the former Toledo pitcher, with him and he is pitching the game this afternoon against Grand Rapids. The team is in very bad shape for twirlers. Carney is on the bench, Herr is sick, Reiman is not in condition and Briodie was called home from Toledo on account of the dangerous illness of his child. This leaves Whissen the only regular pitcher who can be sent into the box. Cook had not arrived at noon, but Manager Glasscock says that he will pitch tomorrow if he arrives in time for the game.

NOTES OF THE GAME.

John Powell toyed with Ewing's would-be champions yesterday, allowing them only one run.

The Toledo papers speak very highly of Fort Wayne's outfield and the Bee says Nolcum is one of the great outfielders of the league.

Stahl now leads the batting list of the Boston champions. Hamilton is out of the game. Hickman pitched yesterday and allowed the Baltimores four hits.

Only 200 people saw the Chicagos play in Cleveland yesterday. Still Frank DeHass Robison says the Cleveland team will remain in the National league.

The handsome new opera chairs have arrived and are being placed in the 25-cent grandstand. They were not all in position in time for the opening game to-day.

President Power has informed Umpire Grim that Toledo's "kick" on Kuehne's uniform last Sunday doesn't go. There were twelve men in regulation uniform and there is no management in the league that is going to carry more than twelve or thirteen new suits.

Toledo Bee:—"Eddie Zinram is one of the best and most popular players in the Interstate league, so far as Toledo is concerned. There isn't a fan in town that wouldn't pick Zinram next to Arthur as the most popular catcher in the league. Johnnie Glasscock has one redeeming feature, at least. He never "quits" and is always fighting to pull out the game."

The Fort Waynes go to Grand Rapids after to-morrow's game, where the teams play the opening games on Saturday and Sunday. Then the Fort Waynes go over to Toledo for three more games on May 9, 10 and 11. The man who drafted the Interstate schedule should receive a leather boot for a prize. Fort Wayne plays two series in Toledo within ten days after the season opens and the Mud Hens don't come here until June 19, 20 and 21, seven weeks after the championship race has commenced It's awful.

NOT TO COMPETE.

ASPHALT BLOCK WILL NOT BE IN THE BIDS.

DECLINE TO QUOTE PRICES.

ARE DISSATISFIED WITH THE SPECIFICATIONS.

WERE NOT TREATED FAIRLY.

BRICK AND SHEET COMPANIES ONLY WILL BID.

The New Castle Block company has refused to submit prices to contractors to bid on the pavements, bids for which are to be opened by the board of public works this evening. A Sentinel reporter visited the Wayne hotel and talked with C. H. Burchinal and Ed M. Wilson, representatives of the company, and they submitted the following statement:

"Mr. Samuel C. Graham, president of the Lake Erie Asphalt Block company, has been in the city for a few days looking over the situation pertaining to the proposed street improvements. Mr, Graham is of the opinion that his material has been placed at a decided disadvantage by reason of the adoption of a specification which would make the cost of the work very much in excess of that of his competitors. He is also of the opinion that the influence which provided for the sheet asphalt specifications, limiting the kinds of asphalt to two to be used, are responsible for the specifications which placed asphalt block at a disadvantage.

"Mr. Graham desires attention especially called to the block pavement on Columbia street, and which is very much less expensive to the property owners than the five-inch concrete foundation specified in the objectionable specifications. He further agrees in very unmistakable terms that some other motive than for the interest of the taxpayers of Fort Wayne is responsible for the revision of specifications and refers the taxpayers with great pride to asphalt block streets which have been in use from twelve to fifteen years in the city of Washington, D. C, and other cities, and are invariably laid on a gravel foundation five inches in thickness.

"Mr. Graham states that his company is perfectly willing to give satisfactory guarantee, conditioned to save the city from any or all costs or expenses caused or occasioned by their defective asphalt block or defective foundation, and in view of this fact, believes that his complaint should be sustained by the tax payers, and the specifications should be revised, whereby he would have some chance of bidding on Fort Wayne work under fair and reasonable conditions and believes that the tax payers should take this matter in hand and petition, praying such an amendemnt to the specifications."

Mr. Burchinal said that he believed the prices for streets to be submitted this evening will be much larger than they would have been had the specifications been so made as to permit the block company to bid on equal terms. He said that his company was willing to construct a block pavement under the same specifications as the pavement on West Columbia street for $1.80 or $1.85 per square yard.

The sheet asphalt companies and the brick companies are still in the bidding and the competition between them appears to be spirited. The Gazette this morning asserted that there was a combination on wherein it was agreed that the Barber company was to be the lowest bidder, although the Alcatraz company would submit a bluff bid.

Messrs. Guelich and Wright both laughed at the statement, and the former said to The Sentinel that the prices this evening would determine whether or not there is a combination. He admitted the pavements would cost at least 15 per cent. more than last season, however.

Representatives of the Metropolitan brick, the Nelsonville and Athens brick and the Trimble brick were here to-day and The Sentinel is told that they have all agreed to submit a price of $20 per thousand for their brick. Charles Doan, the Nelsonville representatives, left the city at noon.

Frank E. Cole, representative of the Standard Trinidad Asphalt company, has decided to submit a bid and when this bid is opened there may be a surprise in store for those people who believed he could not come within the specifications.

There was one train jumper in police court this morning. He was arrested by Detective Redmon and gave the name of Earl Lane. Mayor Soherer ordered him to leave the city.

Miss Flora A. Reffelt, of Chicago, is visiting her parents on East Madison street.

Mr. and Mrs. W. S. O'Rourke left this afternoon for Chicago, where they will visit a few days. Next week Mr. O'Rourke will go to Kansas City to attend the convention of the Catholic Knights of America. He says that there is no chance for Fort Wayne to get the headquarters of the C. K of A, and believes if any city is chosen for headquarters it will be St. Louis

Mrs. Kerr and children arrived in the city yesterday, from Findlay, Ohio, and will soon be joined here by Rev. Kerr, who will have charge of the local branch of the Christian Alliance, in connection with his work as an organizer and district worker. He will hereafter make Fort Wayne his headquarters, being assisted in the local work by his wife. The Alliance will hold its regular weekly meeting in the chapel, corner of Clinton and Holman streets, tomorrow evening.

Lost Teeth Restored.

Nature's teeth are cleverly counterfeited by modern dental art through Crown and Bridge work. If you have a prominent front tooth that is broken or decayed, the root will answer for the anchoring of a new porcelain or gold crown that will restore the lost useful ness and add beauty to the mouth If several teeth are missing, a light, tiny Bridge takes the place of the old time plate in the mouth and gives a serviceable, durable denture.

The cost is little when figured by years of service and comfort. Let's talk it over.

THE CONVICTION OF ALGER.

(Harper's Weekly.)

The investigation of the beef scandal before the army court of inquiry has established in the public mind the substantial truth of the charges which were brought. It has been conclusively demonstrated that bad beef was served to our soldiers in great quantities. It has been as fully proved that there was the grossest lack of supervision on the part of those officials of the war department whose business it was to see that only good meat was provided. Radical reform in the war department is absolutely essential. Methods and men alike must be changed before public confidence can be re-established. Legislation, as well as executive action, will be necesary to work the revolution that is demanded. Fortunately, political considerations in this case sustain the demand for reform. The war department is the weak spot in the McKinley administration. Algerism and Eaganism have become crying scandals. The case of Eagan has shown the hopelessness of paltering with such scandals. The ill-judged clemency of the president has reacted upon the administration and upon the party responsible for it. The continuance of Alger at the head of the war department is more than a reproach. It is a serious handicap upon the party which the shrewder leaders see that it cannot afford to carry in the race for the fall elections.

MR. RILEY'S POPULARITY.

What George William Curtis Had to Say of the Hoosier Poet.

It is not an easy task to give the many reasons why Mr. Riley is so popular with the masses, for he is popular and this popularity is growing rapidly every day. The following tribute from an address delivered in Boston years ago gives some conception of the poet's life and fame. George William Curtis in one of the best orations he ever delivered, said nothing finer of Robert Burns:

"James Whitcomb Riley comes to us as a boy on the farm comes from the old well in the meadows spilling his pitcher of song along on the way. This unique and unrivaled genius is a native of the 'Hoosier state.' Boyhood and early manhood were passed in a little village of Indiana. Many a day he dreamed away in the meadow, listening listlessly, yet learning the birds' songs and stocking the palette of his poetic imagination with all the colors of the landscape till finally he took the music of the brook, the sweet scented soul of the clover, the solos of the birds, and all the symphonies of fields and woods and wove them into happy words. Astride the rail fence, talking with the fellow at the plow, chatting with the boys at the country store, visiting as a friend the families for miles around, he learned all there was in this miniature yet model world; he learned to know and love and sympathize with the people he met and then he added to his poet's harp the heart-strings of men, women and children. He writes of the real world, the ideal world, of the plain yet princely people whom we know. These are the people who have walked and talked in Riley's life, and they are the men he puts into his verse. Their faces shine and smile through every line; it is their laughter, their sorrows and joys—it is their fields and farms and homes, the familiar spots of his own Hoosier home—that he writes of, and somehow he appeals to all the world."

Mr. Riley will appear in Fort Wayne Tuesday evening, May 16. Tickets may be had at Woodworth's or of members of the Press club.

AGUINALDO wants three months in which to get his mongrel "congress" together to disagree on the question of peace. A surrender is the shortest cut to peace and then Aguinaldo and his congress may go into everlasting session and talk it all over.

EVERY list of casualties sent to the United States from Manila emphasizes the oft-repeated observation that our invasion of the Philippines is far more than an Anglo Saxon movement. In a recent collection of names forwarded by General Otis are Stotsenburg, Stooh, Meleck, Wintler, Quinn, O'Connor, Schwartz, Livatcai, Elifritz, Keenen, Vosburg, Fanki, Larue, Hemp, Alwen, Larson and Alphanalp We are a cosmopolitan nation.

ALL good American lion hunters will hail with joy the news that King Leopold of Belgium is shortly to visit this country on board the royal yacht Albata. We have had many distinguished visitors to our shores during the past generation, but the list does not include many kings. Kalakaua was one, after a fashion, and then there was Dom Pedro, of Brazil, but he was an emperor. Don Carlos, being only a pretender, did not count Leopold will be decidedly a drawing card for any of the four hundred who can catch and exhibit him.

THE people of Kansas, exultant over the brave deeds of their gallant Funstan, are discussing all sorts of distinctions for their hero, including the gubernatorial chair and a United States senatorship. The spirit of all this is right and creditable, but it is hoped that General Funstan will decline to be seduced by the blandishments of politics He is fitted neither by natural tastes nor training for statesmanship. He is a born soldier and fighter. His brilliant conduct in the Philippines has made his fame high and secure. Political preferments can add nothing to it, though they might do much to dim it. A more suitable reward for General Funston would be a first-rate commission in the regular army. There he would shine.

COLONEL FUNSTON weighs less than 100 pounds, but he is all grit and fervor. It is no wonder if he arouses the spirits of his troops and finds volunteers in plenty to follow him. The daring of this officer recalls the exploits of Gen. Joseph Wheeler, another lightweight, and Gen. William Mahone, who weighed less than 100 pounds. General Mahone had a conspicuous part in the defense of Virginia. It was he who repulsed the federal troops at Petersburg when the famous mine was exploded, and is said to have rallied the confederates to the retaking of the abandoned salient when other appeals had been of no avail. His language is reported as profane, but effective, and, inspired by his leadership, the gray coats rushed into the terrible breach, recaptured the salient and took nearly 1,000 union prisoners.

THE board of public works should at once take steps to have Swinney park properly lighted. But three arc lights are used in the illumination of that big park and they are not disposed to the best advantage The large grove is practically without light. The park is being made the resort of bad characters who, under cover of darkness go to excesses that are disgraceful. Instead of being a pleasure resort for the people it is becoming a place of assignation, and the worst feature of it is that young girls, with parents foolish enough to give them the liberty, loiter with young men in the dark places and are falling into ways that lead to ruin. Complaint has come to THE SENTINEL that roughs are making the park a fendezvous and that beer drinking orgies are getting common. This ought to be stopped. Light up the park and detail another policeman or two to see that order is maintained, enforce proper conduct and make the park what it ought to be—a resort to which no one need fear to go.

A HOPEFUL SIGN.

Although a few prominent southern newspapers have endeavored to defend and excuse the crime of the Georgia lynchers, it is gratifying to note that the large majority of the best and most influential journals south of Mason and Dixon's line join with their northern contemporaries in condemning the atrocious affair. The Louisville Courier Journal, after declaring that this deed of lawlessness will be "prejudical to the interests of Georgia and to the south generally, more's the pity," enters a strong plea for the substitution of legal methods for the lynching practice. "It is not the severity but the certainty of punishment that deters from crime," says the Courier-Journal. This is a statement that can be substantiated. Lynchings have become more frequent and more brutal in the south, but there has been a corresponding increase, not a decrease, in the number of crimes calculated to provoke the fury of the mob.

Lawlessness never was and can never be a remedy for crime. The people of the south will learn as they pass through experience of such infamies as the burning of the negro Sam Hose that to the lust which makes so many negroes the assailants of white women will be added the pretext that they are achieving vengeance for the wrongs of their race.

THE NEWS FROM THE LODGES.

ROYAL NEIGHBORS OF AMERICA INSTITUTED.

Order Begins Under Flourishing Auspices—Items of Interest Gleamed From Fraternities.

A new secret organization was instituted last night in this city. It is the Royal Neighbors of America, and is auxiliary to Fort Wayne camp, No. 4761, Modern Woodmen of America. The lodge was instituted last night with a charter membership of thirty-four. Twenty-five were present and received the initiatory work. The following officers were elected:

Oracle—Miss Rachel Bresler.
Vice Oracle—Mrs. Maud Griffin.
Recorder—Mrs. Eliza S. Howenstein.
Receiver—Mrs. Sarah Wilkins.
Chancellor—Mrs. Ida Smith.
Marshal—Miss Orrie L Fox
Assistant Marshal—Mrs. Lenora Smoats.
Inner Sentinel—Mrs. Minnie V. Bowman.
Outer Sentinel—Mrs. Catherine Crouse.
Organist—Mrs. Mary R Keller.
Past Oracle—Mrs. Eliza Fox.
Medical Examiner — Dr. C. V. Leedy.
Board of Managers—Mrs. Ann J. Kress, Mrs. Minnie Rastenberg, Henry A. Fox

This new organization starts out under flourishing auspices. It will meet Thursday night each week in Vordermark hall, over Thing's shoe store. Every member is requested to be present at the next meeting as business of importance will come up. The members give much credit to Miss L McIntyre, D. S O., of Peoria, Ill., assisted by Mrs. M. R. Hardendorf, of this city, for the manner in which the work was exemplified

THE MACCABEES.

Wayne tent, No. 54, K. O. T. M., will meet tonight in regular review. A large class of men will be initiated and a smoker and social evening will be given. The convention to be held at Huntington the 16th and 17th will be the talk of the evening. A good time will be given and all Maccabees are invited to attend this review.

TRIBE OF BEN HUR.

Fort Wayne court, No. 96, Tribe Ben Hur, a regular meeting this evening one candidate will be given the degree work and a short social session will follow. All sons and and daughters are invited.

On account of the extremely hot weather of the past few days the usual attendance at the meeting of Ben Hur court, No. 15, Monday night, dropped off some. But the team and candidates were there, and all of the latter are now sons and daughters of Hur. One application was received. By next Monday night the ladies will be through with their spring housecleaning and a large court will assemble at the hall, 109 Calhoun street.

M. A. F. O.

Anthony Wayne lodge, No. 42, Modern American Fraternal order, is progressing finely, every meeting night there being several applications brought in and if are found worthy are taken into the secret work of the order. Every member is requested to be present this evening as there are a number of applicants to oe taken through the different degrees. Those taking part in the drill should be in waiting at 7:30 sharp for instructions and practice. The team is in excellent shape and is adding new features to its work right along, which makes it very impressive for those who witness it.

F. M. C.

The next regular meeting of Fort Wayne Ruling, No. 662, will occur on the 10th inst. Supreme Recorder W. H Snyder announces a 60 per cent. increase for Apri, 1899, over the gain in membership for April, 1898. The new supreme mystic ruler, Bro. P. C. Young, is bending his energies to make this, his first year's service, excel any of the fifteen years' experience of the order, and bright and prosperous as these have been, he will doubtless do as he intends, for he is gifted and resolute and is a splendid executive. He will doubtless pay the city a visit at the time of the all day F. M. C. celebration, which is contemplated for this summer.

MODERN SAMARITANS OF THE WORLD.

The Modern Samaritans of the World will hold a meeting next Monday evening at 8 o'clock in Harmony hall on West Berrs street.

TROUBLE IN SCHOOL.

County Superintendent Investigating Charges Against a Hoagland Teacher.

Charges have been brought against Miss Nellie Keyser, a teacher in the first five grades of the Hoagland school, and County Superintendent Young left for that place to make an investigation yesterday. It is claimed that one morning during the winter months Sloane Adair's eight-year-old son came to school without an excuse for his absence on the day before. The teacher sent him home to get one, but his father told him to tell the teacher that it was not necessary. Upon his return to the school the pupil told her what his father had said and she again sent him home to get one. It is alleged that the boy had his feet frozen on that day, it being one of the coldest days of last winter.

Another charge is that the teacher and the principal took the scholars out into the woods on last Arbor day to study animal and plant life, and the ground being wet, several of the pupils contracted colds.

A petition was drawn up by the parents of the children asking that the teacher be removed, and it was presented to Trustee Baaserman, at Hoagland, who refused to consider it. County Superintendent Young was then notified and went to Hoagland yesterday to investigate.

SIMPLE AT FIRST.

It is Foolish to Neglect Any Form of Piles. Cure Them at the Beginning.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It allays the inflammation immediately, heals the irritated surface and with continued ttreatment reduces the swelling and puts the membranes into good, sound, healthy condition. The cure is thorough and permanent.

Here are some voluntary and unsolicited testimonials we have lately received:

Mrs. M. C. Hinkly, 601 Mississippi St., Indianapolis, says: "I have suffered from the pain and annoyance of piles for fifteen years. The Pyramid Pile Cure and Pyramid Pills gave me immediate relief, and in a short time a complete cure."

Major Dean, of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from Piles for forty years and from itching piles for twenty years, and two boxes of Pyramid Pile Cure have effectually cured me.

Most druggists sell Pyramid Pile Cure or will get it for you if you ask them to. It is 50 cents for a full sized package and is put up only by the Pyramid Drug Co., Marshall, Mich.

THANKFUL TO MRS. PINKHAM.

Earnest Words From Women Who Have Been Relieved of Backache —Mrs. Pinkham Warns Against Neglect.

DEAR MRS. PINKHAM:—I have been thankful a thousand times, since I wrote you, for what your Vegetable Compound has done for me. I followed your advice carefully, and now I feel like a different person. My troubles were backache, headache, nervous tired feeling, painful menstruation and leucorrhœa.

I took four bottles of Vegetable Compound, one box of Liver Pills, and used one package of Sanative Wash, and am now well. I thank you again for the good you have done for me—ELLA E. BRENNER, East Rochester, Ohio.

Great numbers of such letters as the above are constantly being received by Mrs. Pinkham from women who owe their health and happiness to her advice and medicine.

Mrs. Pinkham's address is Lynn, Mass. Her advice is offered free to all suffering women who are puzzled about themselves.

If you have backache don't neglect it or try heroically to "work it down," you must reach the root of the trouble, and nothing will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Backache is accompanied by a lot of other aches and wearying sensations, but they nearly always come from the same source. Remove the cause of these distressing things, and you become well and strong. Mrs. S. J. SWANSON, of Gibson City, Ill., tells her experience in the following letter:

"DEAR MRS. PINKHAM:—Before using your medicine I was troubled with headache and my back ached so that I could not rest. Your medicine is the best I have ever used; it has relieved me of my troubles, and I feel like myself again. Thanks to Lydia E. Pinkham.

"I would advise any one troubled with female weakness to take your medicine. I shall also recommend it wherever I can as a great reliever of pain."

THE FIEND OF NERVOUSNESS.

When a woman's mind is constantly filled with nervous unreasoning dread and apprehension it shows that her entire nervous system is disordered and broken down. Nine times in ten it indicates that there is some special disease or weakness of the important and delicate organs which make her a woman. Nine times in ten it means that some instant and radical measures must be taken to save her from complete mental and physical wreck.

"I was so nervous I couldn't bear to hear the sound of my own voice when alone" says Mrs. Nellie Brittenhan, of Davenport, Thayer Co., Nebr. "I felt as though there was some one ready to grab me if the least sound was made. I really cannot describe the feelings I had, but I can say I have no such ugly feelings now and I trust I never may again. I was suffering from female weakness and very much from nervous prostration.

"I was not able to do anything I could not sit up all day. I had not sat up all day since the birth of my baby, four months before I began to take Dr. Pierce's medicines I took one doctor's medicine for four months but did not get along at all; so, discouraged, I thought I would try Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I took six bottles of the 'Prescription' and nine of the 'Golden Medical Discovery' and used Dr. Pierce's Pleasant Pellets along with the other medicines, and I can say they have done wonders for me

"I do all my work now and feel better than for two years. I had not eaten anything for three months except some kind of soup and crackers; now I eat anything I want. I believe I owe my health to Dr. Pierce's medicines."

Discouraged, broken-down women should write to Dr. R. V. Pierce, at Buffalo, N. Y., and learn how carefully he studies into these apparently hopeless cases. He will send without charge, (in a plain sealed envelope) the best advice of a capable, experienced physician.

PLANS APPROVED.

PENNSYLVANIA CO.'S IMPROVEMENTS.

A MODERN FREIGHT HOUSE

TAKES THE PLACE OF PRESENT STRUCTURE.

AFFAIRS OF SHOP AND RAIL.

BRAKEMAN GEORGE SCHLINK SEVERELY INJURED.

Yesterday Superintendent J. B. McKim received the approved plans for the immense freight depot that the Pennsylvania company proposes to erect in this city, upon the site of the present freight house. The style of architecture and size of building has not been materially changed from the original plans gotten up three years age and described in these columns at the time. The building will have a frontage of nearly 200 feet, with offices on the Clinton street side and entrance for the five spur tracks at the east end. All freight will be loaded and unloaded inside the building, where every arrangement for facilitating the handling of goods will be made. On both sides of the building there will be outer platforms for receiving and delivering freight to wagons and trucks. In order to make room for the building, the brass foundry, part of the machine shop and part of the round house will have to be torn down. When this is done the round house will be moved to the east yards, where ground has been set aside for it, and an addition to the shops, on the northwest corner will be made. It is not decided what disposition will be made of the brass foundry, which is a very important adjunct to the works. The foundation for an immense brass foundry at Altoona, Pa., is now in and the brick work has already commenced. It is thought by some that when this building has been completed and equipped the brass pieces used at the Fort Wayne shops will also be made there. There are at present, includding the foreman, fourteen men employed in the brass foundry of the shops. Notwithstanding the approval of the freight house plans, there is no assurance that the work of building will be taken up soon. In fact, it is believed that nothing will be done in that direction the present year, and possibly not for two or three years. But it is coming some time.

A BRAKEMAN HURT.

George A. Schlink was brought in from Colehour this morning, on fast mail train No. 18, and taken to St. Joseph hospital, where he is being attended by Dr. C. B. Stemen, the Pennsylvania company's surgeon. While attempting to make a coupling last night, Mr. Schlink got his right arm between the deadwoods and the member was badly crushed at the elbow. It is believed that the arm can be saved. Mr. Schlink has had an unpleasant experience so far in his railway career. Last February, during the "cold snap," he had both of his feet frosted and for some time it was not known whether or not he was going to escape amputation of one of the members. He recovered, however, and until last night was employed constantly on the road.

EYES NEARLY DESTROYED.

Ed Orr had a narrow escape at the Wabash shops last evening. That his eyes were not destroyed is due to prompt attendance. He was handling babbit metal and poured a ladle full of the hot stuff into a kettle in which there was a little water. Instantly there was an explosion and the hot babbit was splashed over Orr, some of it going into his eyes. Drs. Bulson and Porter were called and succeeded in removing the metal form the eyes and this morning the unfortunate man was taken to Springfield to be treated by the company's occulist, being accompanied there by A. L. Houton, one of his shopmates. Mr. Orr cannot see at present, but unless inflammation sets in there is no danger of permanent blindness. Mr. Orr is married and resides at 109 Mechanic street.

INDUSTRIAL NOTES.

Engineer Denny McCarthy, of the Pittsburg, is sick.

Arthur, the son of Car inspector Frank Lauer, is quite ill with lung fever.

The Wabash Railway company now disburses monthly at Peru over $14,000 in wages.

The Central Freight and Passenger associations will hold meetings at Chicago on May 10.

S. Henline, C. Brubaker, G. W. Adams and C. F. Morehead are new names on the Wabash shops' pay roll. These men commenced work there this morning.

J. P. Petgen, a Grand Rapids fireman, is taking a lay-off to fill an engagement with a dentist.

Supt. E. A. Gould, of the Wabash, has returned from Hot Springs, Ark., much improved in health.

The Cincinnati, Hamilton and Dayton has placed an order for 400 new coal cars, 60,000 capacity.

Master Mechanic G. W. McKee went to Peru and other points along the Wabash road this morning.

John Meyers, a boilermaker, has gone to Tilton to do some special work for the Wabash company.

W. H. Parmelee, traveling freight agent of the Hoosiac Tunnel fast freight line, is in the city today.

William Rowe, switchman in the Wabash yards, is kept from his work by the serious illness of his wife.

The Bass works to-day shipped a 20x42 Corliss engine to the Cummer Lumber company, Jacksonville, Fla.

William Buck and L. Hartstein, of the Pittsburg tank shop, are taking a lay-off to attend to some private business.

Machinist J. H. Bending has gone to Greenfield, O., to set up a Corliss engine for the Bass Foundry and Machine company.

Fred Engelking, David Roche and William Brossard, of the Pittsburg blacksmith shop, are off duty on account of sickness.

Thomas Telley, the old Pittsburg engineer, who is now employed on one of the shop engines, is off duty on account of sickness.

George Johnson, of the flue department of the Pittsburg shops, is at work again, after several weeks' absence on account of sickness.

W. A. Smith, yard master at Alliance for the Pittsburg, Fort Wayne and Chicago, has been appointed general yard master at Crestline.

A. C. F. Wichman left for St. Louis last night in the interest of the Anthony Wayne Manufacturing company, of which he is the manager.

The Denver Flyer of the Chicago, Burlington and Quincy road is now hauled by the largest passenger locomotive in the world, a machine weighing in working order 127 tons.

Monday work was commenced on the extension of the Southern Indiana from Elnora to Linton, 300 men and 100 teams being at work and the foundations for the bridge over White river are being put in.

Samuel Spencer, president of the Southern Railway company, announces that the company has leased the South Carolina and Georgia and will at once take possession. In future it will be known as the Charleston division of the Southern railway.

The Wabash will run an excursion from Peru and intermediate points to this city May 28th, the date of the formal opening of Robison park. Colonel Thompson said the company expected a big party on that occasion. The Wabash will also have an excursion to Toledo on the 14th inst.

The Wabash and the Nickel Plate roads will carry the "Three Musketeers" company from St. Louis to Cleveland next Sunday. There will be eighty-five people in the party, and they will travel by special train which will consist of two sleepers, one day coach and three baggage cars.

The Order of Railway Conductors has purchased Lookout Inn, on Lookout Mountain, subject to the approval of a majority of the members of the order at the next annual convention. The object in purchasing the hotel is to establish a university for the education of the children of railway conductors and an asylum for disabled and aged conductors.

The Baptist conventionists of Fort Wayne and vicinity will leave May 16th at 11:45 over the Lake Shore and Michigan Southern for Waterloo, where they will join the transcontinental train for San Francisco.

Samuel Kelley, of the Wabash shops, sprained his back while rolling an engine tire this morning and has gone to the company's hospital at Peru, to remain until he is able to resume work.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at Dreier & Bro.'s drug store. Regular size 50c and $1 00. Every bottle guaranteed

Mayor and Board are Satisfied With the New Engine Houses.

Mayor Scherer, Chief Hilbrecht and the members of the board of public works this morning visited and inspected the new engine houses in Nebraska and on South Fairfield avenue. They were accompanied by C. E Moellering, one of the contractors who constructed the buildings. All the work on both the houses was done except putting on the second coat of paint and placing a railing or two. The board and mayor expressed themselves as satisfied with the work and this evening at the meeting of the board the two engine houses will be officially accepted.

Mayor Scherer said to THE SENTINEL at noon that he would not select the twelve new firemen for at least two weeks, but sometime after the middle of the month he hopes to have the engine houses fully equipped with men and apparatus Fort Wayne will then be as well protected from fire as any city in the west.

Fort Wayne Infantry Volunteers Invited to South Bend

This morning Capt. C. E Reese and Capt. Otto Meyer received from Colonel Studebaker, of South Bend, invitations requesting the officers and members of companies B and G to attend the reunion of the One Hundred and Fifty seventh Indiana regiment at Colonel Studebaker's palatial home at South Bend on May 10, the first anniversary of the muster of the regiment into the United States service. It is the intention to have as many members of the One Hundred and Fifty seventh regiment there as possible, with a view of perfecting a permanent organization. Captain Reese tells THE SENTINEL that a meeting of the members of the Fort Wayne companies will be called at an early date to take action upon the invitation, and that doubtless many of the former members of companies B and G will attend the reunion.

KICKED BY A COLT.

Yesterday afternoon at about 4 o'clock a five-year-old son of William Clark, who lives about four miles from the city on the Huntington road, was kicked in the mouth by a colt which he was petting. The colt was only four days old and the little fellow had gone out to see it for the first time. In a few minutes his parents heard him scream and running to see what was the matter they saw the boy holding his hand to his mouth with his face and hands covered with blood He was taken to the house and cared for by his parents, who did what they could to stop the flow of blood. An examination showed a deep cut on the left side of the face, and also that several teeth had been loosened. Had the cut been but a fraction of an inch higher an artery would have been cut and serious consequences might have ensued. His father brought him to the city at once and the wound was sewed up by Dr. Chambers.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help, but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidney and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by Dreier & Bro, druggist. Guaranteed.

Mrs. Alice Howey was removed to her home yesterday from Hope hospital, where she has been confined for some weeks and underwent a successful operation.

The Appetite of a Goat

HORSE RAN AWAY.

This morning as Jake Meyers was driving up Lafayette street his horse took fright and started up the street at full speed. At the corner of Montgomery the horse started west and ran as far as Barr street, where it turned north. The horse had gone but a short distance when it stumbled and fell, piling the rig on top of itself and throwing Mr. Meyers out. He was uninjured and picking himself up, went to the assistance of the horse, which was unable to move on account of the rig falling on it. Beyond the breaking of the harness and a few slight scratches there was no serious damage.

NEW INDUSTRY COMING.

The Withington Handle company, of Huntington, has concluded to erect a handle plant in Fort Wayne if they can lease suitable grounds at a reasonable figure. The company contemplates putting in an entirely new plant and will give employment to quite a large number of men. They desire to lease two or three acres of ground along a railroad for a term of ten years. They desire to begin operations at once, and to have the plant running by the 1st of August.

WOODWORTH IS PRESIDENT.

A telegram from C. B. Woodworth, who is at Indianapolis, last evening announced his election as president of the state board of pharmacy. The organization of the board occurred yesterday, and there was a lively scramble for the most desirable position from a financial voint of view—that of secretary. Nearly every member of the board was an avowed candidate for the place, and being unable to land the secretaryship, Mr. Woodworth captured the next best thing in sight.

Mattress News!

Elastic Felt Matresses.

A Magazine-advertised "BARGAIN." You lost $6.50. YOU SAVE $6.50 on the so-called Elastic Felt Mattress—when you purchase from us. You will find the same mattress advertised in magazines at $15.00. It's worth $8.50—that's the price we sell them at. You pay an outrageously high price when you send a magazine advertiser $15.00 for the same article; you are not only giving him a profit, but you make him a present of $6.50. In the magazines the advertiser states that the mattress he will send you is as good as a $50.00 hair mattress, and makes several nonsensical statements. Call and see this mattress.

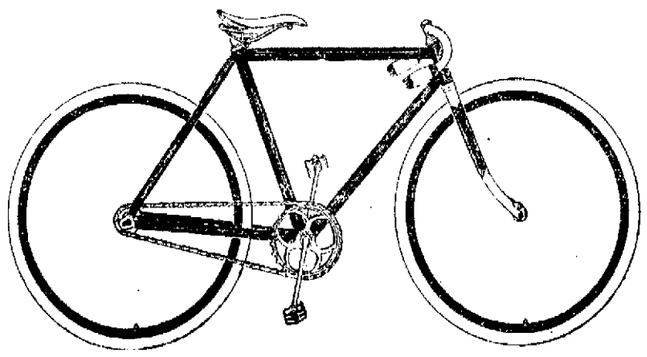

Would ask you to bring your magazines and also catalogues containing advertisements of "Bargains" in Office Desks, Ladies' Desks, Baby Carriages, Refrigerators, etc., to our store and we will show you one of these "Bargains" at from 10 to 33⅓ per cent. less than the price asked for the same article through magazine advertisements.

We have also the ordinary carded all cotton mattress as low as $5.25.

ESTABLISHED 1833. FORT WAYNE, IND., THURSDAY, MAY 4, 1899. PRICE TWO CENTS.

THE WAR GOES ON.

FIGHTING RESUMED NORTH OF MANILA.

LAWTON DRIVES THE REBELS.

ENEMY IS DISLODGED AT SAN FERNANDO.

GENERAL LUNA IN COMMAND.

ENEMY WILL MAKE A STAND AT MT. ARAYAT.

Washington, May 4.—A cablegram has been received from General Otis which says:

"Manila, May 4.—Adjutant General, Washington: Summers, with six battalions of Oregon, Dakota, Third infantry and piece Utah light artillery, of Lawton's division, proceeded north this morning to Manasand; crossed river, charged enemy in strong entrenchments, driving him northward and inflicting considerable loss. His casualties two wounded.

"Both Wheaton and Hale, of MacArthur's division, found enemy in force strongly entrenched and commanded by Commander-in-Chief Luna, about four miles south San Fernando. Hale on right, dislodged enemy; and Wheaton, on left, leading in person, made brilliant charge, scattering his forces, inflicting great punishment.

"Several officers and enlisted men seriously wounded. MacArthur proceeds to Fernando in morning.

"Delayed by partial destruction of bridge across river. Not believed enemy will make another determined stand until he effects retreat to Mt. Arayat at short distance from San Isidro. Otis."

THE SITUATION.

Washington, May 4.—The war department has received the following giving the situation in the Philippines:

"Manila, May 4.—Adjutant General, Washington:—Situation as follows: Lawton holds Balinag, captured 2d inst. after rapid movement from Angat, where supplied with wagon train, pack animals and rations. He scattered the strongly entrenched enemy to the north and northwestward, capturing large amounts of food supplies, and has his detachments to north and eastward. His successful movement attended with great difficulty because of character of country, rain and heat.

"He now covers our railroad communication and will be supplied from Malolos.

"MacArthur's column concentrated, took up advance on San Fernando at 6:30 this morning. Do not apprehend sharp resistance on part of enemy, who will probably leave railroad and retire in northeasterly direction to north of Lawton. Destruction of railroad near Calumpit necessitates dependence on wagon transportation.

"Enemy to the south and east of Manila, nine thousand, opposed by sufficient force under Ovenshine and Hall; his demonstrations thus far properly met by these officers with slight losses.

"Many requests received from outlying cities for protection against insurgents' troops. Otis."

SAN TOMAS TAKEN.

Manila, May 4.—5:50 p. m.—Major General MacArthur has carried San Tomas after encountering a strong resistance.

Brigadier General Hale moved on Lawton's right, and Brigadier General Wheaton attacked the left in a daring charge in which Colonel Funston distinguished himself.

The Kansan was wounded in the hand, and several other officers and enlisted men were also wounded.

Colonel Sumers, with a part of the Oregon and Minnesota regiments and a gun of the Utah battery, took Mosaim on the right, resting four miles from San Fernando.

The Filipinos are retreating toward San Isidro, and it is expected that they will make a stand at Arayat, at which place the whole of the rebel forces in the province of Pampanga is concentrating.

It is reported that, impressed by recent events, the Filipinos are wavering in their allegiance to the insurrection and are likely to assume a neutral attitude.

It seems as though General Antonio Luna's forces are destined to destruction within a few days unless they surrender or scatter.

The American army has been skillfully posted at points of immense strategic advantage. The insurgents expected them to advance on Baliuag by way of Quingua. They had furrowed the entire country beyond Quingua with the strongest sort of entrenchments.

Instead of taking this course General MacArthur swung towards San Tomas, the route to which was almost unprotected. General Lawton brought his brigade in against Balsum from the southeast, covering the line of retreat of the rebels towards the mountains and depriving them of a refuge upon which they had always counted.

General Lawton captured fifty thousand bushels of rice, an important part of the stores established by the rebels.

The Spanish commissioners have made another futile attempt for the relief of Spaniards held as prisoners by the Filipinos.

THE MARRIAGE OF A WRITER.

RICHARD H. DAVIS TAKES A WIFE.

The Bride Was Miss Cecil Clarke, of Chicago—Artist Gibson Was an Usher.

Marion, Mass., May 4.—Richard Harding Davis, of New York, writer, and Miss Cecil Clarke, daughter of Mr. and Mrs. John Marshall Clark, of Chicago, were married at St. Gabriel's chapel here at noon to-day, Rev. Percy Browne, of Roxbury, Mass., officiated.

Mr. Davis was atended by his brother, Charles Belmont Davis, and Miss Ethel Barrimore was maid of honor.

The bride, in a simple gown of white, adorned with orange blossoms, was given away by her father. The ushers were Charles Dana Gibson, Capt. Arthur H. Leopanilitary attache of the British embassy, Capt. Lloyd Griscom, Horace Howard Furness, jr., John Fox, jr., Bruce Clarke, the bride's brother, Davis Brownead, and Robert Howard Russell.

The guests proceeded directly from the church to the Clarke cottage, where the congratulations were received and the wedding breakfast served.

A unique feature of the wedding was the departure, not of the bride and groom, but of the guests, Mr. and Mrs. Davis remaining at Marion, while the friends, including even the bride's family, left on an afternoon train.

Mr. and Mrs. Davis will remain at the Clarke cottage for their honeymoon. Later, it is understood, they will make an exchange, the Clarke family going to Marion while Mr. and Mrs. Davis will go to Chicago to pass a short time at the Clarke house.

NEARLY HALF A CENTURY.

Forty-seven years ago yesterday—on May 3, 1852—Dr. G. ... Bowen opened an office for the practice of medicine in Fort Wayne, and is now beginning the forty-eighth year of his unbroken professional career in this city. Mr. Bowen comes from a family remarkable in many respects. His father was an American, tracing his lineage to three brothers who came from Manchester, Eng., in the seventeenth century, and his mother was half Scotch descent — her mother being a Scotch woman. Dr. Bowen's father and mother were married in 1803, and for more than seventy-three years lived as husband and wife. They raised twelve children, all living to a good old age, six of whom are still living. Three of them were six feet in height, and four of them weighed over 250 pounds each. Dr. Bowen is the smallest and one of the youngest of the family. His grandfather served in the Revolutionary war, and his father in the war of 1812. One brother served all through the Mexican war and is still living, and another brother served as a chaplain in the civil war. For several generations the family has been strictly temperate, which may account for their vigor and longevity. The combined ages of the father, mother and children, living and dead, amount to more than 1,030 years.

A NOVELIST DEAD.

London, May 4.—Mrs. Emma Marshall, the novelist, is dead. Mrs. Marshall was the youngest daughter of Simon Martin, a banker of Norwich. She wrote a long series of historical novels, the central figures in which were such men as Sir Thomas Brown, George Herbert and Sir Philip Sidney. The more popular of her works were "Under Salisbury's Shire," "Penhurst Castle," "Winchester Meades," "The Choir of Wesminster Abbey," "Under the Dome of St. Paul's," "Better Late Than Never."

NEWS FROM APIA.

REBELS SUFFERED AT SHELLING OF VAILIMA.

MATAAFA WAS VERY DEFIANT.

KAUTZ AND STURDEE SENT AN ULTIMATUM.

MISTAKE TO STOP FIGHTING.

WOULD BE BETTER TO FINISH THE REBELS.

Auckland, New Zealand, May 4.—Advices received here from Apia, Samoa, to April 27, state that the rebel loss by the shelling of the Mataafan stronghold at Vailima by the war ships of Great Britain and the United States was quite heavy. Many of the rebels were wounded. The house in which the late Robert Louis Stevenson lived was riddled with shot.

On April 22 there was a sharp skirmish between rebels and Lieut. R. A. Gaunt's brigade near the town of Vailima. In this engagement one Mataafan was killed. The lines of the friendlies were attacked in the darkness at two points, but none of them were killed.

On April 23 there was some bush fighting. Lieutenant Gaunt's brigade, numbering nine hundred men, advanced under a hot fire. The enemy lost several men, the bodies of dead being dragged away. Of the friendlies one was killed and three were wounded.

The British Lieutants Innes, Hickman, Shuter and Heathcote, under Lieut. Gaunt, led the loyalists.

The New Zealand government steamer Tutanekai had arrived at Apia with despatches announcing the request of the international peace commissioners that the inhabitants peacefully await their arrival from San Francisco. A meeting of these consuls, in view of this message, was held, but without result, the German consul dissenting from the propositions of the other two consuls.

Admiral Albert Kautz, U. S. N., and Captain Stuart, of the British cruiser Tauranga, wrote and despatched, through a French priest, a note to Mataafa ordering him to withdraw his forces outside of a line ten miles long and six miles broad. Mataafa replied defiantly, refusing to withdraw unless the German consul and the captain of the German cruiser Falke agreed.

Admiral Kautz and Captain Stuart thereupon sent an ultimatum to Mataafa threatening to compel the withdrawal of his forces. In support of this ultimatum a plan of action was decided upon.

Lieutenant Gaunt's brigade was strengthened, and a heavy gun was landed at Mulinu, and war dockets were gotten in readiness. Being informed of these preparations, Mataafa made prompt reply, agreeing to withdraw immediately. On April 25 an important meeting of the king and his chiefs was held. They were informed of the action that had been taken by the British and American naval commanders, and gave it general approval.

Lieutenant Gaunt's brigade is now patrolling the prescribed area.

King Tanu visited Admiral Kautz and Captain Stuart on board the American and English ships, respectively, and was received with the customary salutes on his arrival and departure.

Hufnagle, the manager of the plantation upon which an attack was made on British and American sailors, resulting in the death of Lieutenant Freeman, of the British navy; Lieutenant Lansdale and Ensign John R. Monaghan, of the United States cruiser Philadelphia, and two others, is still detained on board the German cruiser Falke. The gun carriage from the Philadelphia which was lost at the time of the engagement has been recovered, but the gun is still in the hands of the rebels. Officials and leading residents of Samoa who have been interviewed all unite in saying that the charges of inhumanity on the part of the British, which were made by a man named Laroch, are untrue.

A majority of the inhabitants are highly dissatisfied with the cessation of hostilities. They say that Mataafa is beaten now and that the trouble would be ended in a week or ten days were the advantage pushed. The rebels are delighted at the delay, which will give them time to refill cartridge shells and build more forts.

It is the general opinion that the islands will be uninhabitable except for Germans and Frenchmen unless Mataafa and the rebel chiefs are severely punished.

It is doubtful if British or American subjects will give much evidence before the international commission, owing to fear that to express themselves candidly would interfere with trade relations. For this reason the evidence before the commission is likely to be one-sided.

The statement by the German minister for foreign affairs, Baron Von Buelow, that Mataafa was unanimously elected king of the Samoan islands is denied in Samoa.

The rebels admit that the result of the battle at Vailima was the greatest reverse they have ever experienced. They were astonished by the manner in which Gaunt's brigade sustained its position in the face of a continuous fire. They were also astonished at the final shelling of Vailima, by which many of the rebels were badly wounded.

DEATH OF MISS MODERWELL.

A SWEET AND SUNNY LIFE HAS GONE OUT.

Was a Bright and Well Beloved Young Lady—Other Deaths and Funerals of a Day.

To some is given a life only long enough to show forth the budding promise of maturity rounded and complete, with every trait of character, disposition and intelligence that combine to form ideal and lovable womanhood. Then comes the dread visit of the death angel and the child of promise falls into slumber's arms and in the hearts of those around her cheer gives way to sadness. Such a life closed last evening in the death of Miss Leonora Moderwell, which occurred at the home of her parents, Mr. and Mrs. Hiram C. Moderwell, 93 West Wayne street. Her illness was but a short one. Miss Moderwell was an only daughter, and one of the most promising pupils of the Fort Wayne high school. Her intelligence, bright and amiable disposition and charming manners had endeared her to all who knew her, and made her a general favorite among her acquaintances. Miss Moderwell united with the First Presbyterian church at the close of the recent series of evangelistic meetings. Her age was but sixteen years and nine months, and her death was due to a complication of diseases.

Funeral services will be held at the residence Saturday afternoon, conducted by Rev. Dr. Moffat. The interment will be private at a later hour.

BASH.

Edith Bash, fifteen years of age, died yesterday afternoon at the Allen County Orphans' Home, from an abscess of the brain. She had been an inmate of the home for several years, and was a general favorite among the young people there. The funeral services were held at the institution at 4 o'clock this afternoon, conducted by Dr. Moffat.

MILLER.

The funeral services of Mrs. Margaret E. Miller will be held Friday afternoon at 1:30 from the residence, 275 East Jefferson street, and at 2 o'clock from the Baptist Tabernacle.

NEW INDUSTRY COMING.

The Withington Handle company, of Huntington, has concluded to erect a handle plant in Fort Wayne if they can lease suitable grounds at a reasonable figure. The company contemplates putting in an entirely new plant and will give employment to quite a large number of men. They desire to lease two or three acres of ground along a railroad for a term of ten years. They desire to begin operations at once and to have the plant running by the 1st of August.

WANTS A DIVORCE.

Through his attorney, P. B. Colerick, Benjamin Boyce this morning commenced suit for a divorce from Elizabeth Boyce. He complains that he has money in the Hamilton bank deposited in the name of his wife and petitioned the court to restrain the bank from paying the money to her. The restraining order was issued by Judge Hench.

OIL DESTROYED BY FIRE.

Morgantown, Pa., May 4.—Twenty thousand barrels of oil were destroyed by fire from lightning in an oil tank near here. Loss, with tanks and incidentals, was $30,000. The fire is still burning but there is no danger of the other tanks getting on fire. The pumping station and a large number of houses in the vicinity were threatened at one time, but all danger is now over.

The Ladies' Missionary society of the First Baptist church will be entertained at the home of Mrs. J. R. Medsker, 103 Ewing street, tomorrow afternoon from 2 to 5.

IN EXTRA SESSION

CONGRESS MAY BE SUMMONED IN OCTOBER.

PRESIDENT CONSIDERING IT.

MUCH LEGISLATION THAT IS PRESSING.

QUESTIONS OF THE COLONIES.

SPEAKERSHIP MAY CAUSE A DELAY.

Washington, May 4.—There is a growing belief among prominent members of congress that the president will call congress to meet in extraordinary session this fall, probably early in October. The questions which will come before the next congress for settlement, including as they do everything growing out of our possessions acquired as a result of the war with Spain and the general legislation including that relating to currency reform, the Nicaragua canal, merchant marine, etc., are of such great importance that the president is inclined to regard it as advisable that congress should meet earlier han the regular session in December, in order to get the work under way.

The retirement of Speaker Reed will naturally entail considerable delay in the appointment of committees to the house, as it is customary to allow a new speaker four or five weeks to make up his committees and this furnishes an additional reason why congress should be convened before December. To several senators and members of congress who are going abroad this summer the president has particularly inquired as to the length of their stay and has hinted that it was advisable that they should be back in the early fall, as the necessity for an extra session might arise.

MONUMENT DEDICATED.

Chattanooga, Tenn., May.—The handsome monument erected by the state of Georgia to commemorate the deeds of gallant Georgians who fought at Chickamauga, was dedicated today. Governor Candler, his staff and other distinguished Georgians participated in the exercises. Hon. Gordon Lee, a member of the Georgia committee, tendered the monument to the governor. Governor Candler, in an eloquent address, accepted the monument and tendered it to the government. Gen. H. V. Boynton, president of the national park commission, accepted the monument on behalf of the government, his acceptance address being short but impressive. An oration was delivered by Hon. J. C. Black, of Augusta.

CHASED BY A BLUE RACER.

Miss Ida McIntosh, a school teacher residing in Hoagland, is reported to have had a thrilling race with a six-foot blue racer snake on Sunday afternoon. She was riding home along the country road when, to her horror, she saw the reptile glide out of the grass close to her and dart its tongue at her. Miss McIntosh started down the road as fast as she could pedal, but on looking back was horrified to see the reptile speeding after her. She reached her home at last in an exhausted condition and fell in a faint on the doorstep. Her parents coming out at that moment saw the snake climb a tree in the yard. Help was procured and the reptile was dislodged from the tree and killed. Miss McIntosh has completely recovered from her fright.

BARNS UNDERMINED.

In grading the alley betwen Lewis and West Jefferson streets, from Calhoun to Harrison street, many fences and barns toward the Harrison street end were undermined. It was found necessary to tear down the brick stable owned by Dr. McOscar and it is probable that the other barns and fences will also have to come down.

FOUGHT AT MANILA.

Capt. S. S. Saxton, who is in the city in company with Manager Wright, of the Barber company, in the interests of that corporation, is a returned Manila soldier, having served on the staff of Brigadier General King in the islands. Captain Saxton was eight months in the Philippines. He says that at the time of his departure there was no fighting in progress, although the soldiers were very anxious to be at it. The food in the tropics was agreeing with them and they all seemed to be contented. Captain Saxton knew Dr. Ed. Morris, of this city, who is a surgeon in the regular army, and speaks most highly of him.

WILL CLOSE EARLY.

A large number of the wholesale dealers in the city have signed their names to an agreement to close their places of business at 12:30 on Saturday afternoons during the summer months. The list has not been completed as yet, but will be published as soon as finished. It is expected that this year's list will contain more names than were on last year's list.

THE DEATH OF A MURDERER.

GEORGE VAN HORN HANGED AT SCRANTON, PA.

Met His Fate Calmly—Killed His Landlady in Revenge for Being Arrested.

Scranton, Pa., May 4.—George K. Van Horn, the murderer of Mrs. Josephine Wescott, was hanged in one of the corridors of the Lackawanna county jail this morning, the drop falling at 10:03½ o'clock.

Van Horn met his fate calmly. In a statement left by him, he says he owes his terrible ending to a life of vice.

Mrs. Josephine Wescott was murdered at her home in this city on the evening of August 28, 1896. She kept a boarding house, and Van Horn had boarded with her.

On July 21, Mrs. Wescott caused his arrest for the larceny of jewelry and cash from one of the rooms of the house. He threatened he would kill her. After being in jail a week, Mrs. Wescott, through his pleadings, relented and had him released. On the night of the murder he secreted himself in the cellar of the house and when Mrs. Wescott came down to get some potatoes for the next morning's meal, Van Horn pounced upon her and cut her throat.

He then fled. Mrs. Wescott died the next morning. Nothing was heard of Van Horn until July 7, 1897, when he was captured in a lumber camp near Wadena, Iowa.

THE COUNCIL TALKS OF GAS.

MEETING OF THE COMMITTEE OF THE WHOLE.

A Special Committee of Five Will Meet and Submit Questions to H. C. Paul Soon.

The council committee of the whole met last evening, with Councilman Hench in the chair, and again discussed the Fort Wayne gas franchises. The big discussion of the meeting was as to whether Mr. Poirson's 156 questions should be submitted to the president of the gas company by the committee of the whole or whether they should be changed. Councilmen Poirson and Hosey were in favor of submitting the questions asked by Mr. Poirson, and Mr. Berkenstein also favored this action. Councilman Scheid advocated the appointment of a committee of five, who should be authorized to visit Mr. Paul and secure information. City Attorney Shambaugh was asked as to the council's rights in the premises.

He said that the council had the right to demand all information from the gas company, and upon the company's refusal, could take the matter into the courts. He stated that the committee should demand what the gas company's income was during the years 1897 and 1898, at least, and also insist upon having full information as to the cost of the construction of the plant proper, the value of the leases, franchises, wells and fields, and also whether the company was supplying any other cities, and whether the cost of such other plants had been counted in with that of the local plant. He that some of Mr. Poirson's questions were not pertinent, or rather, were superfluous.

At the conclusion of Mr. Shambaugh's speech, which was brief and pointed, Mr. Hosey moved to amend Mr. Scheid's amendment by providing that the committee of the whole proceed to revise the Poirson list of questions, and present them to the company.

After Mr. Hosey's motion had been beaten, Mr. Scheid accepted an amendment to his motion, requiring the gas company's replies to be in the hands of the sub-committee, and reported to the committee of the whole by June 1st, and in this form the original amendment prevailed.

The chairman appointed to serve on the committee Mr. Hosey, Mr. Schuhler, Mr. Scheid, Mr. Bauer and Mr. Clark.

GERMAN CONSUL AT APIA IS STUBBORN.

TOLD TO JOIN COLLEAGUES.

HIS CONDUCT PUZZLING TO DIPLOMATS.

DISREGARDS POINT OF HONOR.

SAMOAN QUESTION GROWING IN INTEREST.

Washington, May 4.—An official statement is made at the German embassy that strict instructions were given to the German consul at Apia, Samoa, to join with his colleagues, American and British, in a proclamation for the suspension of hostilities until the arrival of the Samoan commission.

Under these circumstances, the officials are at a loss to account for the press report coming via Auckland that the Germans refuse to join in the proclamation, and are inclined to attribute it to anti-German influences. The proclamation was to be addressed to the natives, and as the American, British and German representatives were to issue the proclamation, all parties in interest, native and foreign, would be reached by the proclamation.

The recent reports from Auckland that natives are menacing the outskirts of Apia are not understood as the instructions given to the German consul are such that it is a point of honor with him to see that the natives refrain from aggressive movements pending the arrival of the commissioners.

At the British embassy no advices have been received concerning the reported refusal of the Germans to join in the proclamation.

Mr. Tower, the British charge, saw Secretary Hay to-day and this was understood to have been among the matters discussed.

The interest which London is beginning to take in the Samoan question is indicated by the arrival here of Mr. John George Leigh, of the London Times, who stopped here to meet officials before proceeding to Samoa.

It is said he will be the first representative of a British paper there.

NEW STAR ROUTE CONTRACTS.

Postmaster Page was notified this morning that the contracts for carrying the mails between this city and Zanesville, Harlan and Leo, including intermediate postoffices, had been awarded to J. C. Johnson, of London, Ky., who was the lowest bidder on the work. Johnson's contract begins July 1, and he will no doubt sublet the work. The prices are considerably reduced. The Zanesville route is carried for $314 instead of $457 as before; the Harlan route is reduced from $323 to $272, and the Leo trips drop from $355 to $304 per annum.

DEWEY TEACHES MANNERS.

Vancouver, B. C., May 4.—Recent Hong Kong advices say Admiral Dewey gave a French cruiser a lesson in naval courtesy recently. When the cruiser Jean Bart arrived at Manila she gave a rear admiral's salute. Admiral Dewey ordered the salute to be returned exactly as given. He then sent an officer to the Jean Bart to call attention to his admiral's pennant, which they had apparently not noticed. The dowager empress of China is to hold a grand review in Pekin in June. Nearly 3,000,000 well armed men will be under arms on the occasion. It is more than likely an opportunity will be taken to proclaim a new emperor.

COOK IS HERE.

Cook, the former Western league twirler signed by Manager Glascock, arrived in Fort Wayne at noon to-day and says he is in first-class condition. He will pitch the game to-morrow afternoon.

The game of ball between the Randall and Wayne hotel teams yesterday furnished all kinds of amusement for the spectators, and resulted in a victory for the Waynes by a score of 16 to 9. The batteries were Ramsey and McCarty; France, Freimuth and Eggeman. Sprinkled through the game was some very meritorious work, the batting of Stehl and the first base playing of Will Starke being of a high order. The Randalls will challenge their adversaries to another "go" in the near future.

would be harder than it is if there were more good kinds of pianos than there are.

You need spend time considering the good kinds only.

Of all good kinds there is one best. There is one that combines the greatest number of essential improvements with an inconsistently moderate price—inconsistent because it is so low for a piano so good.

The Packard Piano is a thoroughly good, sweet toned durable piano in an artistic case at a moderate price.

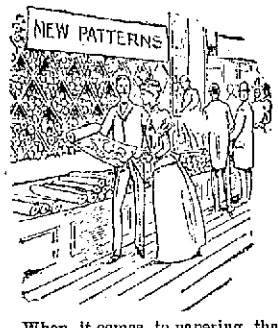

No piano is absolutely perfect, but the name of Packard stands for the best that has been thought and done in piano making.

The Toledos won the fourth game of the series after the Hoosiers seemed have it packed in their grip ready to bring home. The game was the best played and most exciting of the series and had Whissen not been pitched too hard recently it would easily have been a victory. Not a run had been scored in the first five innings; but in the sixth Letcher led off with a two-bagger and then Wiltse went in the air and gave two men bases on balls, which, with an error and Norcum's single, netted four runs. In the seventh the Mud Hens evened matters up by solving Whissen's curves and in the eighth they scored three more and thus corralled their third victory of the week. During the game a small building on which about fifty people were taking a free look at the game collapsed and four of the spectators were seriously injured. One of the persons, named Harmon, will not live. Score:

THE CARNEY CASE.

Isadore Mautner returned from Cleveland at noon today and reports that there is nothing definitely known about the Carney case. He visited Youngstown yesterday afternoon and talked with the directors of the Youngstown team. It is understood that some proposition was made to the Youngstown people for Carney's release and that all the directors were willing to accept it except President Guggenheim. John T. Brush writes that if Carney's advance money was forwarded on April 4th he could not be held by Youngstown. Carney showed The Sentinel reporter a letter received from Secretary Hallowell notifying him that a New York draft had been forwarded and this letter is dated April 5th, one day later than the limit Carney fixed for the forwarding of his money. Manager Torreyson, of the Grand Rapids team, says that if this letter is forwarded to President Power he believes Mr. Power will reverse his decision.

KELB IS PITCHING.

Manager Glasscock brought Kelb, the former Toledo pitcher, with him and he is pitching the game this afternoon against Grand Rapids. The team is in very bad shape for twirlers. Carney is on the bench, Herr is sick, Reiman is not in condition and Brodie was called home from Toledo on account of the dangerous illness of his child. This leaves Whissen the only regular pitcher who can be sent into the box. Cook had not arrived at noon, but Manager Glasscock says that he will pitch tomorrow if he arrives in time for the game.

NOTES OF THE GAME.

John Powell toyed with Ewing's would-be champions yesterday, allowing them only one run.

The Toledo papers speak very highly of Fort Wayne's outfield and the Bee says Norcum is one of the great outfielders of the league.

Stahl now leads the batting list of the Boston champions. Hamilton is out of the game. Hickman pitched yesterday and allowed the Baltimores four hits.

Only 200 people saw the Chicagos play in Cleveland yesterday. Still Frank DeHass Robison says the Cleveland team will remain in the National league.

The handsome new opera chairs have arrived and are being placed in the 25-cent grandstand. They were not all in position in time for the opening game to-day.

President Power has informed Umpire Grim that Toledo's "kick" on Kuehne's uniform last Sunday doesn't go. There were twelve men in regulation uniform and there is no management in the league that is going to carry more than twelve or thirteen new suits.

Toledo Bee:—"Eddie Zinram is one of the best and most popular players in the Interstate league, so far as Toledo is concerned. There isn't a fan in town that wouldn't pick Zinram next to Arthur as the most popular catcher in the league. Johnnie Glasscock has one redeeming feature, at least. He never "quits" and is always fighting to pull out the game."

The Fort Waynes go to Grand Rapids after to-morrow's game, where the teams play the opening games on Saturday and Sunday. Then the Fort Waynes go over to Toledo for three more games on May 9, 10 and 11. The man who drafted the Interstate schedule should receive a leather boot for a prize. Fort Wayne plays two series in Toledo within ten days after the season opens, and the Mud Hens don't come here until June 19, 20 and 21, seven weeks after the championship race has commenced. It's awful.

NOT TO COMPETE.

ASPHALT BLOCK WILL NOT BE IN THE BIDS.

DECLINE TO QUOTE PRICES.

ARE DISSATISFIED WITH THE SPECIFICATIONS.

WERE NOT TREATED FAIRLY.

BRICK AND SHEET COMPANIES ONLY WILL BID.

The New Castle Block company has refused to submit prices to contractors to bid on the pavements, bids for which are to be opened by the board of public works this evening. A Sentinel reporter visited the Wayne hotel and talked with C. H. Burchinal and Ed M. Wilson, representatives of the company, and they submitted the following statement:

"Mr. Samuel C. Graham, president of the Lake Erie Asphalt Block company, has been in the city for a few days looking over the situation pertaining to the proposed street improvements. Mr. Graham is of the opinion that his material has been placed at a decided disadvantage by reason of the adoption of a specification which would make the cost of the work very much in excess of that of his competitors. He is also of the opinion that the influence which provided for the sheet asphalt specifications, limiting the kinds of asphalt to two to be used, are responsible for the specifications which placed asphalt block at a disadvantage.

"Mr. Graham desires attention especially called to the block pavement on Columbia street, and which is very much less expensive to the property owners than the five-inch concrete foundation specified in the objectionable specifications. He further agrees in very unmistakable terms that some other motive than for the interest of the taxpayers of Fort Wayne is responsible for the revision of specifications and refers the taxpayers with great pride to asphalt block streets which have been in use from twelve to fifteen years in the city of Washington, D. C., and other cities, and are invariably laid on a gravel foundation five inches in thickness.

"Mr. Graham states that his company is perfectly willing to give satisfactory guarantee, conditioned to save the city from any or all costs or expenses caused or occasioned by their defective asphalt block or defective foundation, and in view of this fact, believes that his complaint should be sustained by the tax payers, and the specifications should be revised, whereby he would have some chance of bidding on Fort Wayne work under fair and reasonable conditions and believes that the tax payers should take this matter in hand and petition, praying such an amendemnt to the specifications."

Mr. Burchinal said that he believed the prices for streets to be submitted this evening will be much larger than they would have been had the specifications been so made as to permit the block company to bid on equal terms. He said that his company was willing to construct a block pavement under the same specifications as the pavement on West Columbia street for $1.80 or $1.85 per square yard.

The sheet asphalt companies and the brick companies are still in the bidding and the competition between them appears to be spirited. The Gazette this morning asserted that there was a combination on wherein it was agreed that the Barber company was to be the lowest bidder, although the Alcatraz company would submit a bluff bid.

Messrs. Guelich and Wright both laughed at the statement, and the former said to The Sentinel that the prices this evening would determine whether or not there is a combination. He admitted the pavements would cost at least 15 per cent more than last season, however.

Representatives of the Metropolitan brick, the Nelsonville and Athens brick and the Trimble brick were here to-day and The Sentinel is told that they have all agreed to submit a price of $20 per thousand for their brick. Charles Doan, the Nelsonville representatives, left the city at noon.

Frank E. Cole, representative of the Standard Trinidad Asphalt company, has decided to submit a bid and when this bid is opened there may be a surprise in store for those people who believed he could not come within the specifications.

There was one train jumper in police court this morning. He was arrested by Detective Redmon and gave the name of Earl Lane. Mayor Schorer ordered him to leave the city.

Mr. and Mrs. W. S. O'Rourke left this afternoon for Chicago, where they will visit a few days. Next week Mr. O'Rourke will go to Kansas City to attend the convention of the Catholic Knights of America. He says that there is no chance for Fort Wayne to get the headquarters of the C. K. of A., and believes if any city is chosen for headquarters it will be St. Louis.

Mrs. Kerr and children arrived in the city yesterday, from Findlay, Ohio, and will soon be joined here by Rev. Kerr, who will have charge of the local branch of the Christian Alliance, in connection with his work as an organizer and district worker. He will hereafter make Fort Wayne his headquarters, being assisted in the local work by his wife. The Alliance will hold its regular weekly meeting in the chapel, corner of Clinton and Holman streets, tomorrow evening.

Lost Teeth Restored.

Nature's teeth are cleverly counterfeited by modern dental art through Crown and Bridge work. If you have a prominent front tooth that is broken or decayed, the rest will answer for the anchorage of a new porcelain or gold crown that will restore the lost usefulness and add beauty to the mouth. If several teeth are missing, a light, fine Bridge takes the place of the old time plate in the mouth and gives a serviceable, durable denture.

The cost is little when figured by years of service and comfort. Let's talk it over.

About Stearns Strength

All bicycles claim to be strong. Yet with the lower prices that prevail to-day few manufacturers know where to economize.

The Stearns is a marvelous object lesson of what skill and genius can produce in mechanical construction. Paradoxical as it may seem, the Stearns is lighter than ever, yet stronger than ever. This has been accomplished by a more scientific distribution of material.

THE CONVICTION OF ALGER.

(Harper's Weekly.)

The investigation of the beef scandal before the army court of inquiry has established in the public mind the substantial truth of the charges which were brought. It has been conclusively demonstrated that bad beef was served to our soldiers in great quantities. It has been as fully proved that there was the grossest lack of supervision on the part of those officials of the war department whose business it was to see that only good meat was provided. Radical reform in the war department is absolutely essential. Methods and men alike must be changed before public confidence can be re-established. Legislation, as well as executive action, will be necessary to work the revolution that is demanded. Fortunately, political considerations in this case sustain the demand for reform. The war department is the weak spot in the McKinley administration. Algerism and Enganism have become crying scandals. The case of Engan has shown the hopelessness of faltering with such scandals. The ill-judged clemency of the president has reacted upon the administration and upon the party responsible for it. The continuance of Alger at the head of the war department is more than a reproach. It is a serious handicap upon the party which the shrewder leaders see that it cannot afford to carry in the race for the fall elections.

NOTICE TO CONTRACTORS.

Notice is hereby given that sealed proposals and bids will be received by the trustee of Adams township, Allen county, at Fort Wayne, Indiana, up to the hour of 2 o'clock p. m. on the 25th day of May, 1899, for furnishing all the material and doing all of the work, including the cartage, tools, tackle and everything requisite for the building of a new school house for the township of Adams, county of Allen, state of Indiana, district No. 3, according to the plans and specifications therefor, prepared by Meyer & Stock, architects, which have been adopted by said trustee, and are now deposited and on file in the office of the trustee in said county and township. Copies of the drawings and specifications can be seen at the offices of Meyer & Stock, architects, 108 Calhoun street, Fort Wayne, Indiana.

All bids must be made and submitted on and in accordance with the blank forms therefor, which will be furnished by the trustee of said township and by the architects upon request. And must be filed in the offices of the said architects at or before the said hour of 2 o'clock p. m., on said 25th day of May, 1899, and no bid will be received or accepted unless so made and filed.

Said building and all of said work must be fully completed and ready for occupancy on or before the 1st day of September, 1899. The trustee reserves the right to let the building, with the matters severally connected therewith, as per said plans and specifications, separately from the remainder of the work to separate bidders if it is to the best interest of the township to do so, and also reserves the right to reject any or all bids.

By order of the trustee of the township of Adams, county of Allen, state of Indiana.

MR. RILEY'S POPULARITY.

What George William Curtis Had to Say of the Hoosier Poet.

It is not an easy task to give the many reasons why Mr. Riley is so popular with the masses, for he is popular and this popularity is growing rapidly every day. The following tribute from an address delivered in Boston years ago gives some conception of the poet's life and fame. George William Curtis in one of the best orations he ever delivered, said nothing finer of Robert Burns:

"James Whitcomb Riley comes to us as a boy on the farm comes from the old well in the meadows spilling his pitcher of song along on the way. This unique and unrivaled genius is a native of the 'Hoosier state.' Boyhood and early manhood were passed in a little village of Indiana. Many a day he dreamed away in the meadow, listening listlessly, yet learning the birds' songs and stocking the palette of his poetic imagination with all the colors of the landscape till finally he took the music of the brook, the sweet scented soul of the clover, the solos of the birds, and all the symphonies of fields and woods and wove them into happy words. Astride the rail fence, talking with the fellow at the plow, chatting with the boys at the country store, visiting as a friend the families for miles around, he learned all there was in this miniature yet model world; he learned to know and love and sympathize with the people he met and then he added to his poet's harp the heart-strings of men, women and children. He writes of the real world, the ideal world, of the plain yet princely people whom we know. These are the people who have walked and talked in Riley's life, and they are the men he puts into his verse. Their faces shine and smile through every line; it is their laughter, their sorrows and joys—it is their fields and farms and homes, the familiar spots of his own Hoosier home—that he writes of, and somehow he appeals to all the world."

Mr. Riley will appear in Fort Wayne Tuesday evening, May 16. Tickets may be had at Woodworth's or of members of the Press club.

MRS. GEORGE W. CHILDS, widow of the late publisher of the Philadelphia Ledger, authorizes a denial of the reports that she is soon to marry Gen. Joe Wheeler. It is not to be doubted that the estimable lady knows whereof she speaks.

AGUINALDO wants three months in which to get his mongrel "congress" together to disagree on the question of peace. A surrender is the shortest cut to peace and then Aguinaldo and his congress may go into everlasting session and talk it all over.

EVERY list of casualties sent to the United States from Manila emphasizes the oft-repeated observation that our invasion of the Philippines is far more than an Anglo-Saxon movement. In a recent collection of names forwarded by General Otis are Stotsenburg, Stoch, Moleck, Winter, Quinn, O'Connor, Schwartz, Livatani, Elifritz, Keenon, Vosburg, Fauki, Larue, Hemp, Alwen, Larson and Alphanalp We are a cosmopolitan nation.

ALL good American lion hunters will hail with joy the news that King Leopold of Belgium is shortly to visit this country on board the royal yacht Albata. We have had many distinguished visitors to our shores during the past generation, but the list does not include many kings. Kalakaua was one, after a fashion, and then there was Dom Pedro, of Brazil, but he was an emperor. Don Carlos, being only a pretender, did not count. Leopold will be decidedly a drawing card for any of the four hundred who can catch and exhibit him.

THE people of Kansas, exultant over the brave deeds of their gallant Funston, are discussing all sorts of distinctions for their hero, including the gubernatorial chair and a United States senatorship. The spirit of all this is right and creditable, but it is hoped that General Funston will decline to be seduced by the blandishments of politics He is fitted neither by natural tastes nor training for statesmanship. He is a born soldier and fighter. His brilliant conduct in the Philippines has made his fame high and secure. Political preferments can add nothing to it, though they might do much to dim it. A more suitable reward for General Funston would be a first-rate commission in the regular army. There he would shine.

COLONEL FUNSTON weighs less than 100 pounds, but he is all grit and fervor. It is no wonder if he arouses the spirits of his troops and finds volunteers in plenty to follow him. The daring of this officer recalls the exploits of Gen. Joseph Wheeler, another lightweight, and Gen. William Mahone, who weighed less than 100 pounds. General Mahone had a conspicuous part in the defense of Virginia. It was he who repulsed the federal troops at Petersburg when the famous mine was exploded, and is said to have rallied the confederates to the retaking of the abandoned salient when other appeals had been of no avail. His language is reported as profane, but effective, and, inspired by his leadership, the gray coats rushed into the terrible breach, recaptured the salient and took nearly 1,000 union prisoners.

THE board of public works should at once take steps to have Swinney park properly lighted. But three are lights are used in the illumination of that big park and they are not disposed to the best advantage. The large grove is practically without light. The park is being made the resort of bad characters who, under cover of darkness go to excesses that are disgraceful. Instead of being a pleasure resort for the people it is, becoming a place of assignation, and the worst feature of it is that young girls, with parents foolish enough to give them the liberty, loiter with young men in the dark places and are falling into ways that lead to ruin. Complaint has come to THE SENTINEL that roughs are making the park a rendezvous and that beer-drinking orgies are getting common. This ought to be stopped. Light up the park and detail another policeman or two to see that order is maintained, enforce proper conduct and make the park what it ought to be —a resort to which no one need fear to go.

A HOPEFUL SIGN.

Although a few prominent southern newspapers have endeavored to defend and excuse the crime of the Georgia lynchers, it is gratifying to note that the large majority of the best and most influential journals south of Mason and Dixon's line join with their northern contemporaries in condemning the atrocious affair. The Louisville Courier-Journal, after declaring that this deed of lawlessness will be "prejudicial to the interests of Georgia and to the south generally, more's the pity," enters a strong plea for the substitution of legal methods for the lynching practice. "It is not the severity but the certainty of punishment that deters from crime," says the Courier-Journal. This is a statement that can be substantiated. Lynchings have become more frequent and more brutal in the south, but there has been a corresponding increase, not a decrease, in the number of crimes calculated to provoke the fury of the mob.

Lawlessness never was and can never be a remedy for crime. The people of the south will learn as they pass through experience of such infamies as the burning of the negro Sam Hose that to the lust which makes so many negroes the assailants of white women will be added the protest that they are achieving vengeance for the wrongs of their race.

THE NEWS FROM THE LODGES.

ROYAL NEIGHBORS OF AMERICA INSTITUTED.

Order Begins Under Flourishing Auspices—Items of Interest Gleamed From Fraternities.

A new secret organization was instituted last night in this city. It is the Royal Neighbors of America, and is auxiliary to Fort Wayne camp, No. 4761, Modern Woodmen of America. The lodge was instituted last night with a charter membership of thirty-four. Twenty-five were present and received the initiatory work. The following officers were elected:

Oracle—Miss Rachel Bresler.
Vice Oracle—Mrs. Maud Griffin.
Recorder—Mrs. Eliza S. Howenstein.
Receiver—Mrs. Sarah Wilkins.
Chancellor—Mrs. Ida Smith.
Marshal—Miss Orrie L. Fox.
Assistant Marshal—Mrs. Lenora Smoats.
Inner Sentinel—Mrs. Minnie V. Bowman.
Outer Sentinel—Mrs. Catherine Crouse.
Organist—Mrs. Mary R. Keller.
Past Oracle—Mrs. Eliza Fox.
Medical Examiner — Dr. C. V. Leedy.
Board of Managers—Mrs. Ann J. Kress, Mrs. Minnie Rastenberg, Henry A. Fox

This new organization starts out under flourishing auspices. It will meet Thursday night each week in Vordermark hall, over Thing's shoe store. Every member is requested to be present at the next meeting as business of importance will come up. The members give much credit to Miss L. McIntyre, D. S. O., of Peoria, Ill., assisted by Mrs. M. R. Hardendorf, of this city, for the manner in which the work was exemplified.

THE MACCABEES.

Wayne tent, No. 54, K. O. T. M., will meet tonight in regular review. A large class of men will be initiated and a smoker and social evening will be given. The convention to be held at Huntington the 16th and 17th will be the talk of the evening. A good time will be given and all Maccabees are invited to attend this review.

TRIBE OF BEN HUR.

Fort Wayne court, No. 96, Tribe Ben Hur, a regular meeting this evening one candidate will be given the degree work and a short social session will follow. All sons and and daughters are invited.

On account of the extremely hot weather of the past few days the usual attendance at the meeting of Ben Hur court, No. 15, Monday night, dropped off some. But the team and candidates were there, and all of the latter are now sons and daughters of Hur. One application was received. By next Monday night the ladies will be through with their spring housecleaning and a large court will assemble at the hall, 109 Calhoun street.

M. A. F. O.

Anthony Wayne lodge, No. 43, Modern American Fraternal order, is progressing finely, every meeting night there being several applications brought in and if are found worthy are taken into the secret work of the order. Every member is requested to be present this evening as there are a number of applicants to be taken through the different degrees. Those taking part in the drill should be in waiting at 7:30 sharp for instructions and practice. The team is in excellent shape and is adding new features to its work right along, which makes it very impressive for those who witness it.

F. M. C.

The next regular meeting of Fort Wayne Ruling, No. 662, will occur on the 10th inst. Supreme Recorder W. H. Snyder announces a 60 per cent. increase for April, 1899, over the gain in membership for April, 1898. The new supreme mystic ruler, Bro. P. C. Young, is sending his energies to make this, his first year's service, excel any of the fifteen years' experience of the order, and bright and prosperous as these have been, he will doubtless do as he intends, for he is gifted and resolute and is a splendid executive. He will doubtless pay the city a visit at the time of the all day F. M. C. celebration, which is contemplated for this summer.

MODERN SAMARITANS OF THE WORLD.

The Modern Samaritans of the World will hold a meeting next Monday evening at 8 o'clock in Harmony hall on West Berry street.

TROUBLE IN SCHOOL.

County Superintendent Investigating Charges Against a Hoagland Teacher.

Charges have been brought against Miss Nellie Keyser, a teacher in the first five grades of the Hoagland school, and County Superintendent Young left for that place to make an investigation yesterday. It is claimed that one morning during the winter months Sloane Adair's eight-year-old son came to school without an excuse for his absence on the day before. The teacher sent him home to get one, but his father told him to tell the teacher that it was not necessary. Upon his return to the school the pupil told her what his father had said and she again sent him home to get one. It is alleged that the boy had his feet frozen on that day, it being one of the coldest days of last winter.

Another charge is that the teacher and the principal took the scholars out into the woods on last Arbor day to study animal and plant life, and the ground being wet, several of the pupils contracted colds.

A petition was drawn up by the parents of the children asking that the teacher be removed, and it was presented to Trustee Bauserman, at Hoagland, who refused to consider it. County Superintendent Young was then notified and went to Hoagland yesterday to investigate.

SIMPLE AT FIRST.

It is Foolish to Neglect Any Form of Piles. Cure Them at the Beginning.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It allays the inflammation immediately, heals the irritated surface and with continued treatment reduces the swelling and puts the membranes into good, sound, healthy condition. The cure is thorough and permanent.

Here are some voluntary and unsolicited testimonials we have lately received:

Mrs. M. C. Hinkly, 601 Mississippi St., Indianapolis, says: "I have suffered from the pain and annoyance of piles for fifteen years. The Pyramid Pile Cure and Pyramid Pills gave me immediate relief, and in a short time a complete cure."

Major Dean, of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from Piles for forty years and from itching piles for twenty years, and two boxes of Pyramid Pile Cure have effectually cured me.

Most druggists sell Pyramid Pile Cure or will get it for you if you ask them to. It is 50 cents for a full sized package and is put up only by the Pyramid Drug Co., Marshall, Mich.

THANKFUL TO MRS. PINKHAM.

Earnest Words From Women Who Have Been Relieved of Backache —Mrs. Pinkham Warns Against Neglect.

DEAR MRS. PINKHAM:—I have been thankful a thousand times, since I wrote you, for what your Vegetable Compound has done for me. I followed your advice carefully, and now I feel like a different person. My troubles were backache, headache, nervous tired feeling, painful menstruation and leucorrhœa.

I took four bottles of Vegetable Compound, one box of Liver Pills, and used one package of Sanative Wash, and am now well. I thank you again for the good you have done for me.—ELLA E. BRENNER, East Rochester, Ohio.

Great numbers of such letters as the above are constantly being received by Mrs. Pinkham from women who owe their health and happiness to her advice and medicine.

Mrs. Pinkham's address is Lynn, Mass. Her advice is offered free to all suffering women who are puzzled about themselves.

If you have backache don't neglect it or try heroically to "work it down," you must reach the root of the trouble, and nothing will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Backache is accompanied by a lot of other aches and wearying sensations, but they nearly always come from the same source. Remove the cause of these distressing things, and you become well and strong. Mrs. S. J. SWANSON, of Gibson City, Ill., tells her experience in the following letter:

"DEAR MRS. PINKHAM:—Before using your medicine I was troubled with headache and my back ached so that I could not rest. Your medicine is the best I have ever used; it has relieved me of my troubles, and I feel like myself again. Thanks to Lydia E. Pinkham.

"I would advise any one troubled with female weakness to take your medicine. I shall also recommend it wherever I can as a great reliever of pain."

THE FIEND OF NERVOUSNESS.

When a woman's mind is constantly filled with nervous unreasoning dread and apprehension it shows that her entire nervous system is disordered and broken down. Nine times in ten it indicates that there is some special disease or weakness of the important and delicate organs which make her a woman. Nine times in ten it means that some instant and radical measures must be taken to save her from complete mental and physical wreck.

"I was so nervous I couldn't bear to hear the sound of my own voice when alone," says Mrs. Nellie Brittenhau, of Davenport, Thayer Co., Nebr. "I felt as though there was some one ready to grab me if the least sound was made. I really cannot describe the feelings I had, but I can say I have no such ugly feelings now and I trust I never may again. I was suffering from female weakness and very much from nervous prostration.

"I was not able to do anything. I could not sit up all day. I had not sat up all day since the birth of my baby, four months before I began to take Dr. Pierce's medicines. I took one doctor's medicine for four months but did not get along at all; so, discouraged, I thought I would try Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I took six bottles of the Prescription' and nine of the 'Golden Medical Discovery' and used Dr. Pierce's Pleasant Pellets along with the other medicines, and I can say they have done wonders for me.

"I do all my work now and feel better than for two years. I had not eaten anything for three months except some kind of soup and crackers; now I eat anything I want. I believe I owe my health to Dr. Pierce's medicines."

Discouraged, broken-down women should write to Dr. R. V. Pierce, at Buffalo, N. Y., and learn how carefully he studies into these apparently hopeless cases. He will send without charge, (in a plain sealed envelope) the best advice of a capable, experienced physician.

PLANS APPROVED.

PENNSYLVANIA CO.'S IMPROVEMENTS.

A MODERN FREIGHT HOUSE

TAKES THE PLACE OF PRESENT STRUCTURE.

AFFAIRS OF SHOP AND RAIL.

BRAKEMAN GEORGE SCHLINK SEVERELY INJURED.

Yesterday Superintendent J. B. McKim received the approved plans for the immense freight depot that the Pennsylvania company proposes to erect in this city, upon the site of the present freight house. The style of architecture and size of building has not been materially changed from the original plans gotten up three years ago and described in these columns at the time. The building will have a frontage of nearly 200 feet, with offices on the Clinton street side and entrance for the five spur tracks at the east end. All freight will be loaded and unloaded inside the building, where every arrangement for facilitating the handling of goods will be made. On both sides of the building there will be outer platforms for receiving and delivering freight to wagons and trucks. In order to make room for the building, the brass foundry, part of the machine shop and part of the round house will have to be torn down. When this is done the round house will be moved to the east yards, where ground has been set aside for it, and an addition to the shops, on the northwest corner will be made. It is not decided what disposition will be made of the brass foundry, which is a very important adjunct to the works. The foundation for an immense brass foundry at Altoona, Pa., is now in and the brick work has already commenced. It is thought by some that when this building has been completed and equipped the brass pieces used at the Fort Wayne shops will also be made there. There are at present, includding the foreman, fourteen men employed in the brass foundry of the shops. Notwithstanding the approval of the freight house plans, there is no assurance that the work of building will be taken up soon. In fact, it is believed that nothing will be done in that direction the present year, and possibly not for two or three years. But it is coming some time.

A BRAKEMAN HURT.

George A. Schlink was brought in from Colehour this morning, on fast mail train No. 18, and taken to St. Joseph hospital, where he is being attended by Dr. C. B. Stemen, the Pennsylvania company's surgeon. While attempting to make a coupling last night, Mr. Schlink got his right arm between the deadwoods and the member was badly crushed at the elbow. It is believed that the arm can be saved. Mr. Schlink has had an unpleasant experience so far in his railway career. Last February, during the "cold snap," he had both of his feet frosted and for some time it was not known whether or not he was going to escape amputation of one of the members. He recovered, however, and until last night was employed constantly on the road.

EYES NEARLY DESTROYED.

Ed Orr had a narrow escape at the Wabash shops last evening. That his eyes were not destroyed is due to prompt attendance. He was handling babbit metal and poured a ladle full of the hot stuff into a kettle in which there was a little water. Instantly there was an explosion and the hot babbit was splashed over Orr, some of it going into his eyes. Drs. Bulson and Porter were called and succeeded in removing the metal form the eyes and this morning the unfortunate man was taken to Springfield to be treated by the company's occulist, being accompanied there by A. L. Houton, one of his shopmates. Mr. Orr cannot see at present, but unless inflammation sets in there is no danger of permanent blindness. Mr. Orr is married and resides at 109 Mechanic street.

INDUSTRIAL NOTES.

Engineer Denny McCarthy, of the Pittsburg, is sick.

Arthur, the son of Car inspector Frank Lauer, is quite ill with lung fever.

The Wabash Railway company now disburses monthly at Peru over $14,000 in wages.

The Central Freight and Passenger associations will hold meetings at Chicago on May 10.

S. Henline, C. Brubaker, G. W. Adams and C. F. Morehead are new names on the Wabash shops' pay roll. These men commenced work there this morning.

J. P. Petgen, a Grand Rapids fireman, is taking a lay-off to fill an engagement with a dentist.

Supt. E. A. Gould, of the Wabash, has returned from Hot Springs, Ark., much improved in health.

The Cincinnati, Hamilton and Dayton has placed an order for 400 new coal cars, 60,000 capacity.

Master Mechanic G. W. McKee went to Peru and other points along the Wabash road this morning.

John Meyers, a boilermaker, has gone to Tilton to do some special work for the Wabash company.

W. H. Parmelee, traveling freight agent of the Hoosiac Tunnel fast freight line, is in the city today.

William Rowe, switchman in the Wabash yards, is kept from his work by the serious illness of his wife.

The Bass works to-day shipped a 20x42 Corliss engine to the Cumner Lumber company, Jacksonville, Fla.

William Buck and L. Hartstein, of the Pittsburg tank shop, are taking a lay-off to attend to some private business.

Machinist J. H. Bending has gone to Greenfield, O., to set up a Corliss engine for the Bass Foundry and Machine company.

Fred Engelking, David Roche and William Brossard, of the Pittsburg blacksmith shop, are off duty on account of sickness.

Thomas Telley, the old Pittsburg engineer, who is now employed on one of the shop engines, is off duty on account of sickness.

George Johnson, of the flue department of the Pittsburg shops, is at work again, after several weeks' absence on account of sickness.

W. A. Smith, yard master at Alliance for the Pittsburg, Fort Wayne and Chicago, has been appointed general yard master at Crestline.

A. C. F. Wichman left for St. Louis last night in the interest of the Anthony Wayne Manufacturing company, of which he is the manager.

The Denver Flyer of the Chicago, Burlington and Quincy road is now hauled by the largest passenger locomotive in the world, a machine weighing in working order 127 tons.

Monday work was commenced on the extension of the Southern Indiana from Elnora to Linton, 300 men and 100 teams being at work and the foundations for the bridge over White river are being put in.

Samuel Spencer, president of the Southern Railway company, announces that the company has leased the South Carolina and Georgia and will at once take possession. In future it will be known as the Charleston division of the Southern railway.

The Wabash will run an excursion from Peru and intermediate points to this city May 28th, the date of the formal opening of Robison park. Colonel Thompson said the company expected a big party on that occasion. The Wabash will also have an excursion to Toledo on the 14th inst.

The Wabash and the Nickel Plate roads will carry the "Three Musketeers" company from St. Louis to Cleveland next Sunday. There will be eighty-five people in the party, and they will travel by special train which will consist of two sleepers, one day coach and three baggage cars.

The Order of Railway Conductors has purchased Lookout Inn, on Lookout Mountain, subject to the approval of a majority of the members of the order at the next annual convention. The object in purchasing the hotel is to establish a university for the education of the children of railway conductors and an asylum for disabled and aged conductors.

The Baptist conventionists of Fort Wayne and vicinity will leave May 16th at 11:45 over the Lake Shore and Michigan Southern for Waterloo, where they will join the transcontinental train for San Francisco.

Samuel Kelley, of the Wabash shops, sprained his back while rolling an engine tire this morning and has gone to the company's hospital at Peru, to remain until he is able to resume work.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at Dreier & Bro.'s drug store. Regular size 50c and $1 00. Every bottle guaranteed.

Mayor and Board are Satisfied With the New Engine Houses.

Mayor Scherer, Chief Hilbrecht and the members of the board of public works this morning visited and inspected the new engine houses in Nebraska and on South Fairfield avenue. They were accompanied by C. E. Moellering, one of the contractors who constructed the buildings. All the work on both the houses was done except putting on the second coat of paint and placing a railing or two. The board and mayor expressed themselves as satisfied with the work and this evening at the meeting of the board the two engine houses will be officially accepted.

Mayor Scherer said to THE SENTINEL at noon that he would not select the twelve new firemen for at least two weeks, but sometime after the middle of the month he hopes to have the engine houses fully equipped with men and apparatus Fort Wayne will then be as well protected from fire as any city in the west.

SOLDIER BOYS MAY GO.

Fort Wayne Infantry Volunteers Invited to South Bend

This morning Capt. C. E Reese and Capt. Otto Meyer received from Colonel Studebaker, of South Bend, invitations requesting the officers and members of companies B and G to attend the reunion of the One Hundred and Fifty seventh Indiana regiment at Colonel Studebaker's palatial home at South Bend on May 10, the first anniversary of the muster of the regiment into the United States service. It is the intention to have as many members of the One Hundred and Fifty-seventh regiment there as possible, with a view of perfecting a permanent organization. Captain Reese tells THE SENTINEL that a meeting of the members of the Fort Wayne companies will be called at an early date to take action upon the invitation, and that doubtless many of the former members of companies B and G will attend the reunion.

KICKED BY A COLT.

Yesterday afternoon at about 1 o'clock a five-year-old son of William Clark, who lives about four miles from the city on the Huntington road, was kicked in the mouth by a colt which he was petting. The colt was only four days old and the little fellow had gone out to see it for the first time. In a few minutes his parents heard him scream and running to see what was the matter they saw the boy holding his hand to his mouth with his face and hands covered with blood He was taken to the house and cared for by his parents, who did what they could to stop the flow of blood. An examination showed a deep cut on the left side of the face, and also that several teeth had been loosened. Had the cut been but a fraction of an inch higher an artery would have been cut and serious consequences might have ensued. His father brought him to the city at once and the wound was sewed up by Dr. Chambers.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brower of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help, but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by Dreier & Bro., druggist. Guaranteed.

Mrs. Alice Howey was removed to her home yesterday from Hope hospital, where she has been confined for some weeks and underwent a successful operation.

The Appetite of a Goat

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25 cents at any drug store.

HORSE RAN AWAY.

This morning as Jake Meyers was driving up Lafayette street his horse took fright and started up the street at full speed. At the corner of Montgomery the horse started west and ran as far as Barr street, where it turned north. The horse had gone but a short distance when it stumbled and fell, piling the rig on top of itself and throwing Mr. Meyers out. He was uninjured and picking himself up, went to the assistance of the horse, which was unable to move on account of the rig falling on it. Beyond the breaking of the harness and a few slight scratches there was no serious damage.

NEW INDUSTRY COMING.

The Withington Handle company, of Huntington, has concluded to erect a handle plant in Fort Wayne if they can lease suitable grounds at a reasonable figure. The company contemplates putting in an entirely new plant and will give employment to quite a large number of men. They desire to lease two or three acres of ground along a railroad for a term of ten years. They desire to begin operations at once and to have the plant running by the 1st of August.

WOODWORTH IS PRESIDENT.

A telegram from C. B. Woodworth, who is at Indianapolis, last evening announced his election as president of the state board of pharmacy. The organization of the board occurred yesterday, and there was a lively scramble for the most desirable position from a financial point of view—that of secretary. Nearly every member of the board was an avowed candidate for the place, and being unable to land the secretaryship, Mr. Woodworth captured the next best thing in sight.

Mattress News!

Elastic Felt Matresses.

A Magazine advertised "BARGAIN." You lost $6.50. YOU SAVE $6.50 on the so-called Elastic Felt Mattress—when you purchase from us. You will find the same mattress advertised in magazines at $15.00. It's worth $8.50—that's the price we sell them at. You pay an outrageously high price when you send a magazine advertiser $15.00 for the same article; you are not only giving him a profit, but you make him a present of $6.50. In the magazines the advertiser states that the mattress he will send you is as good as a $50.00 hair mattress, and makes several nonsensical statements. Call and see this mattress.

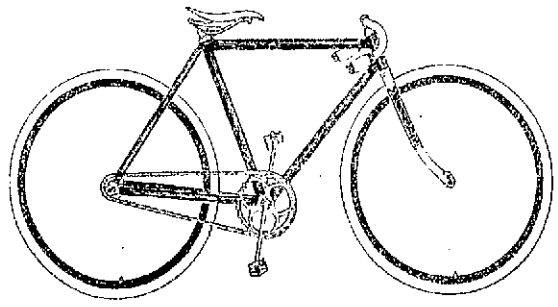

Would ask you to bring your magazines and also catalogues containing advertisements of "Bargains" in Office Desks, Ladies' Desks, Baby Carriages, Refrigerators, etc., to our store and we will show you one of these "Bargains" at from 10 to 33⅓ per cent. less than the price asked for the same article through magazine advertisements.

We have also the ordinary carded all cotton mattress as low as $5.25.
